I have purchased a few of these tapes before and have found them to be extremely helpful in my life. This method of self development has enhanced other practices and books I have read. Thank you.

I've used this for people with learning differences. It works!

excellent

just another med cd

very relaxing

I enjoy listening to this and it is very relaxing. It seems to be working for me and it is easy to listen to.

I have loved paroliminal work of Paul Scheele since I had to buy the in cassette form. Now that I have found them in cd, I will buy more.

Use it to boost your memory, it also helps one to relax, I have used this for many years and especially when I was a student, I wanted to remember more and this was my secret tool for good memory. When I lost my tape version, I had to get the CD version of the memory supercharger..it works wonders..listen to it..
