Excellent guide for teaching the Constitution. Breaks the Constitution down into its various parts and explains in easy language for a fifth grader to grasp.

I love having these on my desk since they are a quick and easy reference.

The U.S. Constitution (Quickstudy: Academic) is very helpful to me.

This is great. My kids use these all year. This is for class next year but i expect it will be as handy as the ones we had last year. Great resource for high school.

We love this laminated constitution document. It's easy to read and don't need to worry about making it dirty or wet.

good value

very helpful for quick study
