# The Diamond Brooch: Time Travel Romance (The Celtic Brooch Book 7)

## Synopsis

Baseball analyst is thrown a curveball when she is whisked back in time...And one of those curveballs is thrown by a blue-eyed pitcher!ESPN baseball analyst Amy Spalding is swept back in time by a magical brooch and finds herself in 1909 New York City. With only the clothes on her back, a phenomenal memory for New York Giants players and stats, and a brooch that won't take her back home, she does what she has to do, pawns her jewelry. When New York Times best-selling author Jack Mallory discovers Amy in the background of the iconic photograph of Ty Cobb kicking up a cloud of dirt as he slides hard into third base, Jack along with Kevin Allen, JL O'Grady, Connor O'Grady, and Pete Parrino launch a rescue mission to return Amy to the present before her boyfriend goes on trial for her murder. Can the time travelers hold out against stalkers, PTSD, phobias, and failing relationships long enough to find a thief and recover the stolen diamond brooch so they can all go home? And can Jack and Amy find the soul mate of their dreams on a voyage of lost hopes and new beginnings?

## Customer Reviews

I have fallen in love with this series and the Diamond Brooch continues to deliver with drama and intrigue. Amy Spalding is a strong heroine in this story. She has just inherited a large mansion in NY from an unknown distant relative. As she comes across the diamond brooch, she is transported back to 1909. With her intelligence and love of baseball, she quickly adapts to her new surroundings. Jack Mallory continues to fight his inner demons over the love and loss of his soulmate, Carolina Rose. He, along with Kevin, JL, Pete, and Connor are tasked with finding Amy and returning to her present time. I liked the introduction of Gabriele, Isabella and Maria into this storyline. I also liked the growth the author shows with Jack Mallory. This author has had so many immediate, passionate relationships in this series that all go on to live happily ever after. It was actually nice to see the author work in some relationship turmoil between Kevin and JL. A very enjoyable read!!!

I would have given it a 5\* but I was disappointed that the "F" word and the pre-marital sex came up a lot more than I remembered from the other books. A good storyline like these can survive without that. (Call me old fashioned.) I really enjoy time travel books and these are superior! The books connect nicely to each other and probably could be read alone, but much more information from the previous books really fills in the blanks. I have spent plenty nights reading into the AM because I couldn't put the books down. Each book has closure, but with a few teases for the future books. Anxiously waiting for the next brooches to surface.

Truly excellent! I love every book in this series and am always sad to come to the end. The characters are somewhat flawed but wonderful and so very human. Jack has always been a larger than life and a force through several books and this book was the culmination of quite a journey. I

look forward to reading it again as I tend to read too fast the first time through just to "see what happens next". Start at the first book, "The Ruby Broach" and work your way through love, history and adventure.

But... I will say I know very little about baseball, but I found this actually interesting! Plus, I learned a thing or two about baseball... THAT being said!! Katherine THANK YOU for such a great series... I always get so lost in your books... not as in trying to follow the story... but lost IN the story. I so look forward to your books... hope the next one comes quick and the fingers fly off the keys  
~f~ ~ ~ ~ ~ ^~ ~ ~ AND lol it's another long book!!

Prepare for this latest historical adventure by reading at least part of the previous 6 books in this series of time travel. Knowing some of the history of the McKlenna/Frasier/Montgomery families will enhance your enjoyment of The Diamond Brooch, as there is a large cast of characters. I have enjoyed following the brooches and sharing in the love that permeates throughout this series. Thank you, Katherine Lowry Logan for another hit out of the park.

Love this series! The characters are so relatable and real. The twists and turns, relationships and romance in the story keep you wanting more. Jack and Amy have been my favorite couple so far and the story line with Kevin and JL was well thought out and written. The character lineup in the beginning of the book made me a little afraid I would be confused since the last one but as I read they just fell into place because they have all been so memorable. Can't wait for the next one!!

If you've read any of the previous books in The Celtic Brooch Series by Katherine Lowry Logan this one is a must. Not only do we have another destined love match, but previous loose ends are tied up as well. I enjoyed The Diamond Brooch: Time Travel Romance (The Celtic Brooch Book 7) very much and look forward to the next book in this series.

I cannot say enough about The Celtic Brooch series.. I love historical fiction and it's my first go to for a good read but with some Authors I find the historical part overtakes the fiction and they can become dry. NOT SO for this author. Katherine Lowry Logan brings these characters full circle. The plots and characters are intertwined between past and present seamlessly and there is never any confusion or boredom. I have laughed And cried with these characters and the narrator is just as skilled as the author in the way of bringing these people to life-
