Great tool for discovery a Great City

Knopf MapGuides come in all major cities and I purchase the guide for each city I visit. It is very helpful when traveling. The book breaks down the city into sections with a map for each section and the important sites to see in that section. It also shows you where there are places to eat and shop. The book is small enough to keep in your pocket book.

We used this book while visiting Amsterdam and found it very helpful. It gave us good information and was easy to use. The fold out maps were an extra nice way to keep our daily "walking about" organized. We've used other of these booklets and have enjoyed them all.

These are my favorite guidebooks. I have them for several cities.

Fast shipping; item exactly as described.

I purchased this Berlin MapGuide after checking it out from the library. I thought it was going to be a

handy reference guide, but we barely used it. We relied on the transit maps.

I carried this book with me every where I went in Amsterdam. The maps could use a bit more detail, but I really liked it all around. I found it very useful and it saved my friends and I from getting too lost several times.
