Pimpology: The 48 Laws Of The Game

Synopsis

The names change, but the game remains the same. The pimp has reached nearly mythical status. We are fascinated by the question of how a guy from the ghetto with no startup capital and no credit - nothing but the words out of his mouth - comes not only to have a stable of sexy women who consider him "their man", but to drive a Rolls, sport diamonds, and wear custom suits and alligator shoes from Italy. His secret is to follow the "unwritten rules of the game" - a set of regulations handed down orally from older, wiser macks - which give him superhuman powers of charm, psychological manipulation, and persuasion. In Pimpology, star of the documentaries Pimps Up, Ho's Down and American Pimp and Annual Players Ball Mack of the Year winner Ken Ivy pulls a square's coat on the unwritten rules that took him from the ghetto streets to the executive suites. Ken's lessons will serve any person in any interaction. Whether at work, in relationships, or among friends, somebody's got to be on top. To be the one with the upper hand, you've got to have good game, and good game starts with knowing the rules. If you want the money, power, and respect you dream of, you can't just "pimp your ride" - you need to pimp your whole life. And unless you've seen Ray Charles leading Stevie Wonder somewhere, you need Ken's guidelines to do it. They'll reach out and touch you like AT&T and bring good things to life like GE. Then you can be the boss with the hot sauce who gets it all like Monty Hall.

Book Information

Audible Audio Edition

Listening Length: 2 hours and 51 minutes

Program Type: Audiobook

Best Sellers Rank: #80 in Books > Health, Fitness & Dieting > Beauty, Grooming, & Style #124 in Books > Humor & Entertainment > Humor > Love, Sex & Marriage #144 in Books > Audible Audiobooks > Humor

Customer Reviews

This book was not very compelling. If you're already familiar with pimp culture than you won't soak

up any new game from this book nor will you find this book captivating. I've met Pimpin Ken in real life, and he's a cool dude with a whole lot of game. However, he doesn't do a good job of making that game jump off the pages the way other notable authors have done, who wrote about their pimpin exploits. I expected more from Pimpin Ken, instead of what is largely lackluster read. The only way I can see anyone learning something from this book is if he or she doesn't don't know NOTHING about pimping at all.

The book is a waste of money. Nothing informative. Just a bunch of jibberish

I have always been interested in Brent Owens documentaries, so when I heard about this book I knew I had to read it! This book offers insight into the mindset of pimps and why some women are drawn to them. I recommend this to anyone who works with exploited women (to understand the mindset), as well as those who know someone is currently going through something like this.

Great book to read

Don't be victims of the game. Pimpin Ken has given us his views on how game is to be played. The chapters are short and to the point, that's what kept me reading to the end of this book. I use a lot of the information in this book before I get my day started to prepare me for the things I may be up against for that particular day. You better get you some of this game!

Save your money. There is no depth or analysis here. If you want insight into the life of a "pimp" and his prostitutes, then you will be very disappointed.

An excellent book, it's the 48 Laws of Power abridged & much quicker to read. Every part of the book has truth to it.

I really enjoyed this book. it spoke a lot of truth. I could not even put it down, simply because I recognized a lot of the pimpology is not just in the streets but in everyday life. in every area of life, from the Pulpit to the C.E.O with white collars. you must make a decision which one you are. I can identify who's who now! thank you
