# Sexuality Now: Embracing Diversity

## Synopsis

With its fresh, fun, and hip approach, *SEXUALITY NOW: EMBRACING DIVERSITY*, 5E, helps teach readers what they need and want to know about sexuality while clearly conveying foundational biological and health issues and citing current and classic research. The new edition continues answering the questions and concerns that readers have about themselves and their sexuality with scientific fact, sensitivity, humor, and unmatched candor. Carroll presents the range of sexual orientations and behaviors and takes into account the current social, religious, ethnic, racial, and cultural contexts. This edition includes even more examples and research on sexual diversity both within and across cultures.

Janell Carroll received her Ph.D. in human sexuality education from the University of Pennsylvania in 1989. She teaches in the psychology department at the University of Hartford in Connecticut, is an AASECT-certified sexuality educator, and has received numerous awards for her teaching and work in the field of human sexuality. The University of Hartford has recognized Dr. Carroll with the Sustained Excellence in Teaching Award (2015) and the Gordon Clark Ramsey Award for Creative Excellence (2005), both given to professors who demonstrate outstanding excellence and creativity in the classroom. She has also been recognized by Planned Parenthood as a Sexuality Educator of the Year. Prior to teaching at University of Hartford, Dr. Carroll was a tenured psychology professor at Baker University, where she was honored with awards for Professor of the Year and Most Outstanding Person on Campus. A dynamic educator, speaker, and author, Dr. Carroll has also

hosted two of her own radio talk shows about sexuality and appeared as an expert on numerous television talk shows and networks. She maintains her own sexuality website at <http://www.drjanellcarroll.com>.

Wonderful and informative textbook. I learned so much from it and didn't bore me like a lot of textbooks do. It also contains a lot of up to date statistics and demographic information. It is a general introduction to sexuality, however. This textbook did not go into that much detail on any one topic, but covers a general range of issues decently enough to be familiar with them.

I thought I knew much about sexuality. But this book proved me wrong. I learned so much from reading this book that is easy to understand.

Used for a class

I was happy with this purchase.

This book is incredibly interesting! Using the MindTap access that goes with this book is actually really helpful for understanding the material further with an interactive experience. The book is very well written, easy to understand and brings up a lot of interesting topics and perspectives. I have the kindle edition, and I enjoy it very much.

Very helpful book for one of my Psych classes. Very informative with scientifically supported studies and references.

Works great for the class I purchased it for, very informative and easy to read.

Required book for one of my classes. I really enjoyed reading it!
