Four INTERESTING Stars. *Discovery* by talented author David J.

Vanbergen Jr., is an entertaining, fast-moving, enjoyable Sci-Fi tale. It is Book 1 in the series of novels about the "Niakrim War". The plot centers around the ship, "Krim Sprinter" commanded by Captain Mitch Cooper, its crew, plus a young passenger, Violet Maceira. The author creates a galaxy populated with many colorful alien races and locales. He wastes no time throwing the crew into a dangerous situation that signals a big problem for that galaxy. And Captain Mitch, not one to stand on ceremony, takes on the challenge. Very Definitely Recommended. Four INTENSE Stars. (Fairfield Publishing. 146 pages. Very enjoyable book, the first in this series. With many colorful characters and a very interesting story line. I think this would make a great TV show. Am looking forward to where this series will take us next.

This was a great read and was one of those books that you just could not put down. Mr Vanbergen Jr. Did a great job in keeping you interested in the story and what was going on. Can't wait for the next one.

This is a awesome start and return to classic sicfi. Can't say too much because it would give things away, But if you're into alien war stories this is for you.

The unruly officer, the crew member you wonder why is there, the unknown alien attacking for what ever reason. All there. Can't wait for book 2.

I couldn't be more pleased with same exciting story style as I got with the 1st book, just wish it had been longer!!!

Great read and good plot. Quite suspenseful while leading much to three imagination. I highly recommend this book for those of us who appreciate quality.

I liked it Good read fast moving keep me interested I cannot wait for the next one in the series
