More !! Why isn't there more !

I'm not a huge fan of prequels. There usually isn't enough action to keep me engaged, but I didn't

find that to be true with the Awakening. The author gave a copy of the book to me in exchange for an honest review, and I was concerned when Hartzler mentioned it was a prequel. I'm happy to say that the elements of a well-formed novel were all there. There was enough action, intrigue, and plot that kept me engaged the entire read. I liked how she was able to introduce characters in a fast-paced storyline that made me want to reread *The Nexis Secret*

Eight chapters of fast-moving drama! Secret societies. Family secrets. A brother trying to protect his sister. Any age would enjoy reading these books!

I also received a free copy in exchange for an honest review. I read Hartzler's first book and was excited to see that she had more for me to read. This was a tight story with good action and pacing. It features secret societies and family secrets, and a Chosen One which I am always a fan of. I look forward to learning more of this world in the future. Would and will definitely recommend!

I was given a free copy of this book in exchange for an honest review. This is a fast enjoyable read that draws you in right from the beginning. A brother is willing to sacrifice everything to protect his sister from the grips of evil.

I really enjoyed the prequel. The back story filled in the blanks I had after reading the first novel. Learning about James was great and I can't wait to follow his story and learn more about the family!

I was very happy to see that there was more to the story of the Seer, and I can't wait for the rest to come out.

Read this in a very time. Grabbed me from the beginning. Many twist and turns. Many surprises. Just loving this series.. bring on the next.
