Positive Discipline: The First Three Years, Revised And Updated Edition: From Infant To Toddler--Laying The Foundation For Raising A Capable, Confident

Synopsis

The celebrated Positive Discipline brand of parenting books presents the revised and updated third edition of their readable and practical guide to communicating boundaries to very young children and solving early discipline problems to set children up for success. Over the years millions of parents have used the amazingly effective strategies of Positive Discipline to raise happy, well-behaved, and successful children. Research has shown that the first three years in a child's life are a critical moment in their development, and that behavior patterns instilled during that time can have profound implications for the rest of a child's life. Hundreds of thousands of parents have already used the advice in Positive Discipline: The First Three Years to help set effective boundaries, forge strong foundations for healthy communication, and lay the groundwork for happy and respectful relationships with their young children. Now this classic title has been revised and updated to reflect the latest neuroscientific research and developments in positive discipline parenting techniques.

Best book for learning how to deal with your toddler. I have recommended this to so many people. It definitely takes retraining on the adults part but the strategies are very effective on my 20 month old.

I read many books/publications on parenting and this book is one of my favorite ones! It teaches you how to be KIND and FIRM. It shows how to balance kindness and firmness to let children grow/develop/explore within established safe boundaries so they can thrive. Five stars!

Just purchased this book on a recommendation from my Husbands cousin. I just started reading it but so far it makes a ton of sense. I think it will help us cope with tantrums and meltdowns so much better!

Lots of great information and how to approach

fantastic in the bits and bites I've been able to read it.

Great book.

Very interesting, useful, and easy to read.

Great book. Now, if they only wrote a book about getting your toddlers to let you read in peace... hahaha. A lot of great information about age appropriate behavior and temperaments, as well as some practical advice on handling discipline in a positive and effective way.
