phenomenal in visual appearance; Almost every page in the book contains at least one piece of artwork and a piece of dedicated scripture, all of which is printed perfectly on the highest quality of paper. Inside the Box Reviews; While this insight into the backstory of Diablo III is very welcome, at least half the draw of the Book of Cain was in its gorgeous illustrations, the sort of images you only find in concept artwork, except more fully fleshed out and featuring a greater degree of detail. The Book of Tyrael continues this tradition, and is described as featuring stunning original art throughout. The Escapist

I got this for my boyfriend for Christmas. I was a little hesitant at first since it got some pretty bad reviews for not being legible. We didn't have that issue. All of the text was able to be read! It's got a lot of awesome backstory and lore in it. I plan on getting The Book of Cain as well.

The quality of this book didn't seem as nice as the Book of Cain, however I enjoyed the amount of information provided as well as the multiple viewpoints provided throughout the book. It really shed some additional insight into characters and their relationships such as Leah and Adria, or the backstory of Adria in general. For the price, I really can't complain about the book as it makes a nice addition to my collection.

This was more beautiful than I imagined. It is such a gorgeous book and really is a fabulous design. I fell in love with the book

my friend likes it

The book is amazing and I would recommend for any HC Diablo fan.

Love it

Diablo III: Book of Tyrael Unfortunately I somehow added two to my cart and since my cart was such a big amount of items I didn't even notice. This really sucks but happens. This book is great and plays well with the game. This was a birthday gift to my husband who loves that it comes with so many extras and it's hard cover. My husband gets compliments on the book all of the time as it looks like a really cool book when it's standing in with other books. The pictures inside are beautiful. There is an envelope in the back with a family tree on both sides that is exquisite. This is just a great book that he would recommend to anyone and everyone.

The book is great - it has fantastic information and beautiful illustrations! It also has more information, and quite a few more pages than 'Book of Cain.' I quite enjoyed reading it - HOWEVER, the pages themselves have gone from beautiful, rich, thick tattered-edge papers for the Book of Cain to standard edges for the 'Book of Tyrael.' I imagine this was done to keep costs down and prevent the book from being too thick, but honestly the book is so fun and the art so exquisite, I would have gladly paid extra for a fancier, thicker version. Outside of that, if you're a fan, don't miss this one!
