## Customer Reviews

This guidebook was the latest guide book I could find for the Island of Rhodes specifically. It was last revised in 2003. Since then the roads have been paved, donkeys are not common, and there is better access to some of the historic places on Rhodes. The information is good and the recommendations of interesting places are still valid. The number of vehicles of all types has increased, especially cars. Parking in Rhodes New Town is almost impossible. Motor bikes, scooters, and cycles abound, ATV's are popular and interfere with traffic away from Rhodes Town. Coverage of restaurants outside of Rhodes Town is minimal. Descriptions of the island outside of Rhodes Town are better than books about Greece or the Greek Islands. The size of the book makes it easy to carry. It is time for someone to come out with a more recent guide book for Rhodes Island.
