## Customer Reviews

Sophie Hudson loves to laugh more than just about anything. Through her books and her popular blog, BooMama.net, she offers encouragement and hope in the everyday, joy-filled moments of life. A devoted fan of pajama pants, Sophie loves cheering like crazy at college football games and watching entire seasons of TV shows in record time. She lives with her husband and son in Birmingham, Alabama.

Sophie's years of experience as a teacher and as Dean of Women at a Christian school have given her real understanding of the challenges teenagers face. She weaves real life stories with practical application of Scripture, thought-provoking questions, and space for journaling/doodling. Her humor and conversational tone make All in All a delightful read. While All in All is intended for teens and

young adults, Sophie shares timeless truths from Scripture that are applicable to all ages. Highly recommended!

I am only on Day 2 and it has already spoken to me right where I am. For nearly a year I've been struggling with a family situation and I'm always prone to feeling like I have to hurry up and do something when I'm not even sure what God has asked me to do with it. Today's reading talked about Sophie being prompted by the Holy Spirit to "Take her time" and that was exactly what I needed. I needed to be reminded that God's time frame is not mine and that He is so very patient with us. One thing I really appreciate about this devotional is that Sophie has us write out specific scripture every day and I think that is going to be tremendously helpful for me to put into practice. It's hard not to jump ahead and keep reading because I love her writing style so much!

This book is full of wisdom and humor which is always the case when it comes to Sophie Hudson. Don't think it's all fun and games because Sophie always has a way to bringing the important stuff back to point. If you're looking for something for older middle, high school, or even young college aged ladies for a small group or individual setting, this is your go-to! With her hysterical words and heartfelt sharing, young ladies and even us not so young ones will thoroughly love this devotional! Her experience of sharing applicable points and her love for Christ both shine through. Go get you and all of your mama and them one now!

My sister is an administrator at a private school and leads a small group of teenage girls. They have been together since they were in 6th grade and are now juniors. I thought they would enjoy this book, as I have enjoyed pretty much everything Sophie has ever written. I was right! Sophie's heart for teens shines through in her writing. Her humor and passion for shepherding the younger generation intertwine perfectly. This devotional is great for anyone, really. As someone a few years north of the target demographic who enjoyed it, I can tell you it's true. You and your teenagers will love it.

My daughters and I are loving this devotional. I preordered it here, and the substance and fun of each entry brightens and directs our morning as we read them together at breakfast. It's especially refreshing to have content I enjoy as well as my teen and 20-year-old daughters. Highly recommend!

After reading and journaling for 3 weeks in my All in All, I am returning to buy another copy for my 15 year old daughter. The length of the devotional is perfect for a teen, or busy mom... But more importantly, the content is sound biblical teaching. I find the topics are relatable for any age, but takes me back down memory lane to help me remember what it is like being a young lady, and thus what I need to be praying for regarding my daughter. Thanks Sophie Hudson!

I bought this book for myself as a grown woman with small children and also for some teenage girls that I know. I love Sophie's perspective on things and her love of Jesus. She knows how to reach all ages of women and not to take everything in life so seriously. I will be buying more copies as gifts as I feel it's hard to find the balance that this book offers.

Once again, Sophie Hudson delivers from the heart! And she definitely has a heart for teenage girls! This devotional journal offers 100 days of truth to young women (and us older ones too!). Some days are serious, and some are lighter, but each day provides solid biblical insight on how we should live our lives. Thank you Sophie for following God's calling to write this journal! I can't wait to give it to my college-age daughters!
