This time everyone's favorite wandering pooch blows through the Windy City with his owner Pete and Pete's family. After exploring the Magnificent Mile and scarfing down hot dogs at Navy Pier, the family boards a train at the railway station, losing sight of Larry when the hungry pup pursues a tasty snack... oh no! Will they ever be reunited? While Larry and his family set out to find each other, learn about Chicago's landmarks and cultural attractions including the Art Institute, Wrigley Field, Lake Michigan, Lincoln Park Zoo, and the Willis Tower (formerly the Sears Tower). These books are great, went to San Francisco and bought this for my twins, and since we live in the midwest we are close to Chicago, these books are cute and tell a lot about the landmarks, more than most tourist books we have found actually, so good story, and good info, looking at more of these, not to mention a great way for your child to remember special places.

We bought this book for my 5-year-old nephew and 3-year-old niece, who will make their first visit to in Chicago just before Christmas (with their parents). Not only will the weather be completely different from what they're used to in Tucson, AZ, but so will the big city feel. We sent it to them hoping that it would help them get excited for their upcoming trip and to help them enjoy the many tourist sites we plan to visit while they're here, and their reaction has been incredible. My brother tells me that he has to read the book to them at least once a day, and they're making lists of what they most want to see when they get here. When my nephew was "Star of the Week" in kindergarten, he even picked "Larry Gets Lost in Chicago" as his favorite book to share with the class!

This book is pretty great. For an adult...it really tells you about nearly everything there is to see in the city. The book is written with great rhythm and flow. But there are also small descriptions about all the sights Larry visits when lost in Chicago. It really got our four year old excited and I think he will remember the experience more because of it.

Being born and raised in Chicago, I couldn't wait for this book to come in. It didn't do a great job at portraying this beautiful city and I can't wait for my son to get older so I can read him all about the great city his mommy was raised in. I plan to buy the Boston version as that has ties to my husband.

My 2 year old loves this book! We live in the Chicago suburbs but go into the city quite often, I read

her this book to get her excited about going. I also sent this book to my neices that live in North Carolina, before they came to visit us. I even love the cool anecdotes about Chicago in this book, educational for even adults!

We got this for our 2 year old just so we can introduce our Daughter to Chicago. We'll be moving there soon. This has become her favorite book and she asks us to read it every night. The illustrations are lovely. I especially love the page showing the Chicago River.

Absolutely great gift for kids learning to read. Has great facts about Chicago! Love this book will be a go to gift for little ones!

My grandson went to Chicago when he was 3 years old and he always talks about it. It was a great way to remember what he'd forgotten in a year. Now he wants to go back and see it again.
