Legal Tender: A Rosato & Associates Novel

Synopsis

In the second thrilling novel in New York Times best-selling author Lisa Scottoline's Rosato & Associates series, a successful lawyer now finds herself on the opposite side of the bench when she's framed for murder. Benedetta "Bennie" Rosato is a maverick lawyer who prosecutes police misconduct and excessive-force cases, and business at her firm has never been better. Then, without warning, a savage murder tears the firm apart. All evidence points to Bennie, who has motive aplenty and an unconfirmable alibi. Her world turns upside down as the lawyer becomes the client and the cops she once prosecuted are now after her with a vengeance. To prove her innocence, Bennie probes deep into the murder. Then another killing takes place. Running for her life, Bennie is a fugitive armed only with her wits and courage. She will find the real killer - or die trying.

in Books > Audible Audiobooks > Mysteries & Thrillers > Suspense

Customer Reviews

I am working my way through the Rosato & Associates series. And, yes, that means I will read the books in order. I worked as a legal assistant for more than 25 years which is why I have a soft spot for this type of book. I really enjoyed this book. The writing was fast-paced, the characters are well-defined and the storyline is truly believable. There was never a dull moment and the ending was a surprise. Hang on to your seats!!!

Bennie, has been on the run to collect evidence to clear her name. I don't understand why little was

done by the police. Thank goodness athletic Bennie was able to save to stay free and get the truth out.

I was looking for the DVD, "Illegal Tender," when I stumbled into Lisa Scottoline's book, "Legal Tender." So, I said, "Why not?" I purchased a copy and read it in two days! Yes, this book is 15 years old, but I am glad that I had a chance to read it! Benedetta Rosato: Attorney and Partner in a small, but productive firm, has a falling-out with her Partner (and former love interest). Somehow, he turns up dead - and Benedetta is on the hook for it! The adventure goes from there, and is this lady's investigative skills are put to the test! Honestly, how she was able to stay free and produce the evidence she needed to stay free, I'll never know. To say she was lucky would be an understatement! A good, entertaining, all-around crime story with some "snap" to it! If you are new to Scottoline's work (and I am), may I suggest "Legal Tender?" For you er's out there that may read this review, what do I read next from Lisa Scottoline? I can't choose. A little help, please...? I rate Lisa Scottoline's "Legal Tender"...four stars!

From the very first page, it took off and kept going! Great characters, vivid landscapes, twisting plot, believable storyline. I could not put this book down! Reading it even at red lights, it was THAT good!!! I used to be a Grisham reader but he became too vile. Scottoline on the other hand, writes with finesse, humor, clear vision. She makes Grisham look like a first-grader writing his first fictional story. Scottoline is an incredible writer, very knowledgeable, puts a tremendous amount of research into each book. Each page leads to the next without leaving the reader scratching their head with, "huh?" Every lead connects at one point or another and nothing is left out at the finish! It's a fantastic and thrilling read. You won't be able to put it down!! HIGHLY recommend this book!!

Lisa Scottoline is one of my favorite authors. Although I can say this was not my favorite book by her, I really did find it an enjoyable read. Just sometimes the story got a bit confusing, but I still think it deserves a 5 star rating

I really like the way this lady writes. I never want the story to end.

I thought the novel started a bit slow, but then it quickly picked up the pace. Many turns and twists kept me on the edge as my seat as I read about Bennie's nightmare. A truly spell binding novel.

Love this series! I read a lot of mysteries and this series is very well written. More like a novel than just a "mystery series". This book was shared with me by a friend and then I shared with mother-in-law who loved also. Highly recommend.
