While I love the variety of recipes, they have some problems. There is a muffin recipes that lists 3 cups of mix, then an additional 5 1/2 cups. Another muffin mix doesn't include any fluid in the directions to bake. A vanilla sugar scrub that is missing the sugar.

I am a very visual person when it comes to cook books and DIY books therefore this book was disappointing for me. No pictures :-{

Great gifts, especially for older people, and those just starting out. It will be helpful for anyone really. The gift of food, shows more love and caring thoughts, were involved in the gift.

I liked the wide variety of recipes that this book had. Not just food items like cake, cookies, soup etc. Included were also body butter, scrubs and salts recipes to make. Cons...no pictures of the finished product and found one or two recipes where the ingredient list didn't match the instructions.

A great book.

4 Stars only because I haven't actually tried this yet. I'm looking forward to making these for gifts for upcoming birthdays and for Christmas. The recipes and ideas seem easy to do, and with a little creative decorating should make great gifts. I love to make personal and crafty gifts, and this should fit the bill!

Thank you so much, I really loved the book! There is a muffin recipes that lists 3 cups of mix, then an additional 5 1/2 cups. Another muffin mix doesn't include any fluid in the directions to bake. A vanilla sugar scrub that is missing the sugar. This book was exactly what I was looking for.

Flipped through the book once and have never opened it again. I would have been better off getting ideas on Pintrest.
