With so many opportunities to start a business on the internet this book is highly needed. Finally someone who is IN the business and willing to show you- "the how" in how to start a business - I love the idea of working at home and setting my own hours as I establish my own credibility, brand and expertise as a virtual assistant. This is an excellent step-by-step guide.

This book is right to the point and explains exactly what needs to be done to start a great virtual assistant business. I was able to learn a lot, as the author really seems to have great experience and insite in this niche. It really hit on all of the topics needed, while staying nice and short and not dragging on. I would really recommend this book to anyone who is looking to start their own internet virtual assistant business!

This book is a must have for people wanting to start their own Virtual Assistant Business. It is a primer that educates the readers of all the aspects needed to prepare before engaging yourself as one. I was thinking of starting my own VA business so I got this book and fortunately it gave me all the answers to the questions that I had. I really enjoyed reading this and would keep this handy as my reference. This book was awesome!

This is a great book with some really solid advice. It's not super long, but it's also not padded with a lot of repetition, which is something I'm seeing in lots of books these days.

It is good to be prepared. this books lets you know what to expect, how to cope with any situation and how to be perfect at it!! very helpful
