Art Of Manliness Collection

Synopsis

This limited-edition collection contains a wealth of information and inspiration for the modern man. Included inside are the following books:
The Art of Manliness. This book is dedicated to helping men uncover what manliness means in the 21st century, from rediscovering the outdoors to dressing with panache to becoming a good father.
The Art of Manliness: Manvotionals. This book contains the manliest wisdom of the ages--a myriad of poems, quotes, and essays designed to inspire men to live life to the fullest and realize their complete potential as men. Together, housed in a classic cigar box, they make the perfect gift for any man (or soon-to-be man) who is conscious of leaving his mark on this world. (This \$38 value is priced at only \$29.99.) Also includes 6 drink coasters!

Brett and Kate McKay are the married team behind the popular website, TheArtofManliness.com. In just two years, the site has grown to over 1 million visitors a month, over 2 million page views a month, and over 70,000 daily subscribers. In addition, the authors maintain a thriving online social network called the Art of Manliness Community. Brett has a degree in Letters where he focused on classical history and philosophy. He also graduated in the top ten of his class in law school. Kate has a bachelor's in history and graduated summa cum laude with a masters in religion. They live in Tulsa, Oklahoma.

Manliness is truly a lost art. This wonderful set is an excursion into the fine art of being a man. Most gentlemen are such loners that this type of information is hardly ever transferred "man to man". As

men we have gotten much better at being sensitive to the needs and strengths of women, but in some cases guys have left their own needs behind in a misplaced effort to "correct" themselves. This is a celebration of manliness and everything it entails...including love and respect for the women in our lives. Every gentlemen should own the fine collection. And while your at it, visit the Art of Manliness website. I didn't discover it until I bought this collection. Check it out, mates!

Brett, You have done a wonderful job, and the two books are so important to me at the moment. I've changed my life and created a vision: I strive to be a better self, a better gentleman, an exemplary father. Started with the physical by growing a beard, reading the book where you got the wonderful image from. I wish to set an example, and just do good. Teach my two boys what it is to be a man, respect woman and especially their mother. etc. Keep up the great work, I hope to have a blog of the same magnitude and I hope to send out the message of manliness across the big pond. Nic,
Belgium

I stumbled across artofmanliness.com several months ago and was thrown back by the site. It is fun to read and has very good advice and articles on many topics that men encounter throughout their lives. I love the blog so much that I subscribed to it on my kindle, downloaded the book onto it, and bought the hard copy versions in this boxed set. Quality: This boxed set includes Brett and Kate's two books and six drink coasters. The books are made from quality materials and the covers are very thick and sturdy. The coasters are sturdy, made from a cardboard material, that I can see lasting a good several years. The cigar box that the books and coasters come in is fairly sturdy, again made from a cardboard material, that will last a long time with care. Overall no complaints about the quality of the product, especially at the low price. Content: The first book *The Art of Manliness: Classic Skills and Manners for the Modern Man* has a lot of good advice for each aspect of a man: Gentleman, Friend, Hero, Lover, Father, Outdoorsman, Leader, and Virtuous Man. They include many How-To's and useful information for every man. The second book *The Art of Manliness - Manvotionals: Timeless Wisdom and Advice on Living the 7 Manly Virtues* includes advice on living the seven manly virtues: Manliness, Courage, Industry, Resolution, Self-Reliance, Discipline, and Honor. Each chapter includes quotes, poems, or essays that feed the mind and offer great insights. Both books are filled with wonderful illustrations that engage the reader. Finally, the coasters have manly quotes on them from people like Abraham Lincoln, Teddy Roosevelt, and Benjamin Franklin. Overall, I am thrilled with this purchase. Definitely worth the money, and I look forward to more wisdom from Brett and Kate McKay over at the artofmanliness.com

Before I begin, let me say that I have wanted to purchase it since the package graced my eyes. When it arrived I ripped off the plastic wrap and got straight into it. I immediately read and loved all the coasters. I read "Skills" in about three hours. It covers so many skills for men to better themselves. "Manvotionals" I have only been reading one a day since I have received it to fully grasp each entry. The power of each piece in "Manvotionals" amazes me. Ranging from Plato to Teddy R. to whomever has contributed speeches, poems, writings, to a mans soul. This has been one of my best purchases in the past year by far. If you're thinking about putting off this purchase for a while, do not. I regret all the time that I did not own this.

An amazing set of books for any man who wants to refine himself. This set will be going to my older sons soon. Filled with some great information and tips that have been almost lost in our society. If more young men read these books and put them into action there would be many more true gentlemen in our society

The Art of Manliness Collection can't be any more classic and manly than it is now. The box set looks like a vintage cigar box on the outside, but on the inside you get two manuals: One filled with all the classic skills and mannerisms for the modern gentleman and the other filled with poems and literature evaluating the virtues of true manliness. Also a couple of coasters filled with famous quotes from virtuos men like Teddy Roosevelt and Abraham Lincoln. The box set makes the perfect gift for a husband, a father, or a young man who's going off to college. If you like to bring back the skills and virtues of traditional men back into the modern age and unleash the true power of the man - I highly recommend this box set.

Nice product. Fun and interesting read. Love the cigar box it comes in. Makes it perfect for a gift. I had a similar experience as other reviewers (busted cigar box) so check the contents for opening. Unfortunately does not allow warning other consumers of poor sellers so I would suggest making sure to look for one that is reputable. is a good choice!!

I bought this for my boyfriend and he loves it. The box is very well put together! The books were also in great condition and easy to pick up and read, my boyfriend works a lot so that is a plus. The coasters in the box however, I did not know what I was expecting but they are just thick pieces of paper with quotes on them from pervious gentleman. Over all great product! And its cheaper to buy

on rather than the authors website.
