Zobel has the ability to explain financial issues in a clear and understandable manner. -- Chicago Sun Times --This text refers to an alternate Paperback edition.

This easy-to-read tax guide provides complete information for both women and men who are opening their own business, handling their finances, and either preparing their own taxes or handing the job to a professional. This book guides the reader through the jumble of confusing tax laws by explaining basic concepts and providing lots of understandable examples. You'll learn how to keep a simple set of records, what expenses you can deduct, how to reduce your chances of being audited, how to make estimated tax payments and lots more! This 4th edition of *Minding Her Own Business* has been totally updated to reflect the latest 2004 tax law changes. --This text refers to an alternate Paperback edition.

My wife bought this book because she is just starting a small business and *Minding Her Own Business* had been strongly recommended by the small business development center counselor that she saw. I've been in business for 7 years but decided to take a look through the book too. I was surprised at some of the new information I learned. Although this book's title indicates it's for women, the author explains in the introduction that it's really for anyone, particularly those with what she calls "numberphobia". I really agree with her -- there was nothing in it that was unique to women but my wife appreciated that all the examples given were of women in business and there were no assumptions made about the reader having prior knowledge of finances, taxes, etc. I'd really recommend this book for anyone.

Arrived in a time manner, great books. I had just opened a small business and this helped me. Great reading material.

Fast shipping, item condition as described. The book has great content, it is easy to understand and was totally worth my investment. I would recommend the book for start-ups and entrepreneurs.

This has a great deal of information especially about taxes for your business...If you are starting your own business I highly recommend this book

Hi. I'm the author of *Minding Her Own Business*, writing to let you know that you can get current tax information in the form of my free year-end tax newsletter. Just Google me (Jan Zobel) and go to my website. I'll also be glad to let you know when there's an updated edition of *Minding Her Own Business* available, Thanks for your interest and Many Happy Returns!!  
March 2, 2011

Great book for tax time preparation :) Found it very helpful and informational. I still need to read all of it but so far it has a lot of helpful information.

too simple. Waste of time. Not worth the money

I found this book in the library and have taken it out twice renewing it several times each time. I realize I want my OWN copy. I am in the first year of my new business and everything is new, exciting but sometimes a bit intimidating. This book is a great resource. I recommend it to everyone, not just women. It really is not gender based.
