Ruth Bell Graham "I have used The Child's Story Bible for years . . . and can recommend it enthusiastically." Norman Vincent Peale "The best summary of the Bible in story form available anywhere."

This is a beautiful children's book recommended by Ruth Graham. This is the 2nd one I have purchased. I hope this book will make a meaningful keepsake for my granddaughter in the years to come. It arrived promptly and in excellent condition.

This is a classic Bible-story book, beloved for many, many years and reprinted many times. Deals with events from Genesis through Revelation. Mrs. Vos, the wife of a Seminary professor, knew the Bible well and loved it, and knew children well and loved them. My parents read this to my brothers and me when we were small (I was 5); we read it to our children; and now we're giving it to our grandchildren because these stories just don't wear out. The book helps young children understand

the scope and significance of biblical events, not just the familiar stories. I can't recommend this book highly enough!

Excellent re-tellings of Bible stories. Faithful to Scripture. Useful for parents to read even if their children aren't ready yet - helpful for thinking through how to explain Bible stories to young people.

This has not been one of my favorite story Bibles. It was curriculum for my son's 1st grade class this year, but it has too many mature stories for my taste for that age group, and very few pictures. I've done a lot of "editing" as I read it aloud.

This is an incredible children's bible! I highly recommend it for both adults and children. Started reading it nightly to my 6 year old and he is completely in love with it. He acts like the world is coming to an end if he doesn't get his "bible time" every night. I originally bought 2 for him; this one for the text, and The Story Bible by Edward A. Engelbrecht and Gail E. Pawlitz for the beautiful illustrations. I was afraid that the text alone in The Child's Story Bible may not be enough to hold his attention, but I was wrong. We will be reading the other bible as soon as we are finished with this one, as we noticed that many of the stories included in the one are not in the other, and vice-verse.

I bought this book to share the bible with my 6 year old and 3 year old. Both of them attend a child care that has a Christian influence and have been coming home talking about God and Jesus. My husband and I wanted to be a part of this learning and developmental process and so I picked this book to do it with. The vocabulary is perfect for their age group and makes it really easy to talk to them about the stories in the bible. The only thing that has thrown me off is the harshness of the interpretation of how Adam and Eve's personalities changed after eating the forbidden fruit and how their relationship with God changed. It's not bad, but a great opportunity to discuss what I was taught growing up and to hear what my kids think. This book has become a requested bed time story book.

These famous tales aren't limited to children. Everyone will be entranced by these stories from the Bible that read just like a storybook. You can read it straight through or pick and choose. Included are both Old and New Testament. Read them to your children, just as my mother read to me, and I read to mine.....

I love this story Bible. It reads like a novel & in chronological order
