Customer Reviews

James Patterson has written more bestsellers and created more enduring fictional characters than any other novelist writing today. He lives in Florida with his family. Duane Swierczynski is the Edgar-nominated and Anthony Award-winning author of Canary and Revolver. He's also written for comic books, TV and film.

Fast and easy read doesn't mean it lacks suspense or thrills. It took a while to figure out which character was speaking throughout but it soon flowed smoothly into an exciting first person narrative.

I enjoyed this book very much. Love these books. You can finish them in less than a day. The characters were so interesting and so was the plot.

Thought this was an everyday story until about half way through the book. Suddenly the storyline turned weird and I couldn't put it down.

Intriguing,sweet,quick read. I had to put it down for a while because the images were coming too fast and I was not ready for the bad news. I thoroughly enjoyed The House Husband.

Good book..Quick read.. Surprised at the Bad Guy!!! think it would have gotten boring before you could have finished a normal book page size !!

I finished it in one sitting. It kept my interest throughout the book. I didn't see the end coming which made it that much more enjoyable.

Great read and very intriguing but ended weird. Needed to read more...hope another segment continues the story and start a new one.

Good reading material . Kept you reading till the end. Going to tell my family about this book. They will surely read it.
