## Customer Reviews

• I've tried many fitness programs over the years, and this is the first time I've been able to stick with. It's simple. It's gradual. And it works. • Mary Ellen C. • The tips for eating more foods-- but still losing weight-- have been great. The food is delicious and I don't feel deprived. • Susan H. • I've never been able to fit exercise into my day. Since I've learned how to get the same benefits by exercising in 10-minute chunks, it has made a huge difference. That's a lifestyle change I can really live with. • Kerry S. • Seeing results so quickly really makes me want to do even more! • Linda S. • I've always known I was supposed to eat better. Now I know specifically what I need to do. And it's easier than I ever thought. • Tammy F. • After just three weeks, I've definitely noticed a difference in my belly, butt, and thighs. Even better-- my husband has, too. • Brooke M. • I feel great. I am more focused. I have more energy. And my stomach is getting firmer and flatter! The plan is terrific. • Janine S.

**THIS BOOK TELLS ALL. IT IS A GUIDE WITH GREAT PHOTO'S. READ IT AND THEN PRACTICE AND YOU WILL BE HOOKED. COMPANY DELIVERS QUICKLY.**

I found this to be a wonderful book. It showed me how to get started back in an exercise routine after many years of gaining weight. It let me target the areas where I needed help and showed me what to do week after week in my new routine. It's great!

I was expecting more from this book. It was well-written but I would've like to have seen more of an outline or "jump-start" program. Maybe that's just my style, though. There were wonderful recipes and good charts. Plus, there were simple workouts.

Was helpful in giving me different ways to help the area that is the most difficult to get rid of.

Easy program to understand and to follow. Thank you to the ladies who recommended this book on the Prevention site.
