Long, Tall Texans: Calhoun

Synopsis

Head back to Jacobsville, Texas with this fan-favorite Long, Tall Texans romance, originally published as Calhoun in 1988, from New York Times bestselling author Diana Palmer! Orphaned as a child, Abby Clark learned not to rely on many people—except the Ballenger brothers, who were her rocks and her providers. But she's not the little girl they once knew. Now, nearly twenty-one years old, Abby is a woman grown, and she knows what she wants: sexy cattleman Calhoun Ballenger. He insists on keeping her under his thumb, so Abby resolves to teach Calhoun a lesson. With the fury of a South Texas twister, she devises a plan to prove her independence—and capture his attention. Can Abby make Calhoun her very own cowboy?

Customer Reviews

I have liked every book of Diana Palmer that I have read in the past.

I liked it, but I didn't love it like I'd hoped. The back and forth sexual tension between Calhoun and Abby, seemed to go for what felt like forever. It got to the point that I was actually starting to root for Ty to win her over. I felt so sorry for the way Calhoun kept jerking Abby around emotionally. He

would draw her in, and then shove her away. Constantly giving off mixed signals for a grown man, especially one of his age, is totally irritating and uncalled for. At times it felt like Abby was the more mature person in this equation. They did have their HEA, finally, although the ending we all hoped and prayed for seemed so rushed. I have to say, I loved Justin and think he's being too stubborn and pig-headed when it comes to Shelby. He's not only making himself miserable, but Shelby, too. And why? Because he's an idiot. A idiot who chose to take the word of other people, rather than the one woman he claims to love. I hope Ty finds someone who will appreciate and love him for the sweet, wonderful person that he is.

enjoyed
