Vietnam: The Ultimate Vietnam Travel Guide By A Traveler For A Traveler: The Best Travel Tips; Where To Go, What To See And Much More

Synopsis

Updated For 2017 Completely Based On Customer Feedback. Congratulations! You've Found The Ultimate Travel Guide To Vietnam. Why You Need Lost Travelers First we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings, and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available online, why do we still purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 page long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with "suggestions" that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book, or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one third the price of the leading brand, and our paper copy for only half the price. Customer Reviews

Vietnam is a fun place to travel. It's cheap but has tones of fun places to go and unique culture...This book is very detailed, which saves me tones of time searching online. Also, the book contains lots of pictures, as well as airlines and prices for the recommended hotels. Very handy guide, five stars!

The travel book has a lot more for a tourist to learn about the country with such History as described in the book. Unlike most travel books, this one guides you right from the Airports you can use if traveling to Vietnam, and the domestic flight Airports are also shown, including buses and Accommodation fares. This will really help me in the sports tour we are yet to make to this country. Am exited with all my team mates for the Swimming competitions.

I have been living in Southeast Asia for a while and yet have not visited Vietnam. As I intend to go soon, I found this excellent guide to introduce me to the different attractions of such a beautiful country. This book includes everything you need to know from the Vietnamese history and religion to visa arrangements and best places to visit. Very helpful indeed.

I will be going to Bangkok in March. Plan to travel by bus to Angkor Wat, Phnom Penh and finally Saigon. From there will continue by train all the way to Hanoi and Sapa. Although this book does not cover all the cities in Vietnam but it does cover some of the place that I planned to visit and offers the necessary information to go and get around in Vietnam.

A great book. I offered it to a friend who is currently in Vietnam and he thanked me for it. So useful to have a kindle that you can take everywhere. When you stop by a coffee you can open it and read about the place you are at and check what could be done next! Real good book

Not a very extensive overview of Vietnam, but not the worst I've seen. A bit on the negative side when talking about safety in the country, not something I've read or heard about from other guides.

Very limited information on very few locations in this small book.

Awful book very little details and not helpful at all. Total waste of money.
