Born in England in 1946, Clare Allcard, aged 22, drove a Land Rover to Singapore with her future husband, Edward, a single-handed sailor 31 years her senior. From 1969 they travelled the world in old sailboats arriving on the mountain tops of Andorra in 1986. Clare has published books in New York and London. In 1993 she co-founded The Writers' Group of Andorra. After living in the country the statutory 20 years, she took an extensive citizenship exam in Catalan and became an Andorran national. Judith Wood: hatched in Bombay, matched in Andorra: despatched? We'll see. She lived in many places including Malaysia, Singapore, Cyprus, and Northern Germany. These flavour what she writes, none more so than Andorra, her home for 27 years. What led her to write?

Time in a Belgian convent school where reading books, other than religious, was frowned upon. Sitting in her black tablier, tongue protruding, she scribbled violent tales while the strict nuns thought she was doing homework. Iain Woolward, an Olympic sailor, spent many years in Silicone Valley's advertising industry and was CEO of various technology spin-outs from places like NASA and Oxford University. His gusto for living life to the full has led him to sample many of Andorra's outdoor delights at first hand. His writing style is quirky and entertaining, à la Bill Bryson, his pace impressive and all his chapters are well researched and enlivened by autobiographical details drawn from his worldwide wanderings. Ursula Simpson Ure began her writing career aged 17 when she became the youngest author ever to be published by the venerable Blackwood's Magazine (founded in 1817 and finally closed in 1980). Her second novel, The Vintage, was translated into four languages and made into a film by MGM. Here she gives eye-witness accounts of Esteve Albert's Pessebre Vivent and of how her father built much of their beautiful Andorran house using seasoned oak and walnut saved by elderly spinsters for their dowries. Alexandra Grebennikova was born in a country that doesn't exist anymore, in a city that has changed its name since then, with a dream to live in a place where everybody speaks at least two or three languages. Her dream came true in 1997 when she came to Andorra to work as a teacher after studying creative writing and translation in Moscow. She's been a columnist for Andorran newspapers since 2008. Her first book was written in Catalan and published in Ontinyent, Valencia.

A fascinating read about a nearly unknown country - one of the smallest in the world. It was an interesting mixture of fact and fiction, however I did enjoy the articles on fact the most. I bought the eBook for my Kindle, but have also ordered a paperback to give to a friend who is travelling in Europe this year. It seems to me that if you are going to France or Spain it would be a shame to miss Andorra.

A delightful trip through a hidden gem of a country. Well-written, but it could use a little editing. Now Andorra's definitely on my bucket-list, for skiing as well as sight-seeing.

OK but this is "stories" about Andorra not information about Andorra. Might be nice but if you are looking for a travel guide for Andorra this is NOT the book for you.

I absolutely LOVED it! Great book, nice insights on Andorra. FUN to read!

A mish mash of short stories and information about the country that doesn't work very well.

Quite pleasant
