# Vocabulary From Latin And Greek Roots - Book IV

## Synopsis

Many vocabulary programs are focused on preparing students for a test from week to week, but Vocabulary from Latin and Greek Roots teaches skills that they can use for a lifetime. Students learn the sources of hundreds of vocabulary words with our multi-year program. Unlike many programs that depend on rote memorization, Vocabulary from Latin and Greek Roots incorporates a variety of techniques to teach students the skills they need to determine the meanings of unfamiliar words while expanding sight vocabulary. Vocabulary from Latin and Greek Roots reinforces new words through a format that capitalizes on word families, associative hooks and visuals to jog the memory, building language analysis skills, and exercises designed for maximum retention.

Recommended for Grade 10.

## Customer Reviews

good condition

He's being home-schooled this year, and for English, we have him working his way through several

of these (he just finished this one, and is now on #5). That's the third one, and he isn't tired of them yet--that certainly speaks for itself. They're scholarly enough for the kids to really learn something, and yet entertaining enough not to bore them to death. Great combination.

After working our way through volumes 3 and 4, we've gotten to 5 now, and what can I say? Same great quality, very useful, not too dull or boring, and very educational. We're using these for home schooling (English), grade 9, which may not be the perfect level they usually recommend them for, but we've got a precocious reader on our hands, and so we just keep ordering the next one. So far, it's been great. Perfect balance between scholarship and fun.

Great condition

Meet expectations

It came on time and it is really useful! I like this book.

I've been using this series with my high school English classes for four years with great results. The publisher posts study sets on Quizlet and is responsive to communication. Cannot recommend it highly enough.

Exactly what I was looking for!. Best price. No complaints. Great seller!
