## Synopsis

Four amazing shifter romances from Terry for only .99 for a limited time! A Hot tiger shifter brothers fall for curvy, sassy mates while fighting the bad guys in the shifter world and helping their dragon bosses. Bonus sexy menage book A Dragon's Heart! A Tiger's Bounty

Jace is tall, dark and handsome. He's also a super rare tiger shifter, with orange eyes and a keen sense of justice that has him constantly on the hunt for the worst criminals in the shifter world. When a particular case brings him in contact with a beautiful, vulnerable woman needing rescue, he has no choice but to step in and offer protection. But the longer he spends time with Amber, the more he isn't sure he can ever let her go. And that's dangerous for a man in his position.

A Tiger's Treasure

Carter Cunningham is all work and no play. As a rare tiger shifter working undercover as a detective, he has a lot of people to protect and no time to think about something like finding a mate. Even though he can't afford to get distracted, his tiger can't help but take notice when he's assigned a sexy new partner, one with curves that kill and dangerous secrets that make the protective tiger in him sit up and growl.

A Tiger's Destiny

Kel Cunningham is the only white tiger shifter in the world. Taller, stronger, and faster than almost anyone, he's the best protection money can buy. Still, his two older brothers have found mates and Kel is ready to find a special someone of his own and settle down. And when his latest job brings him face to face with curvy Sofia, the first woman to make his tiger sit up and growl possessively, he thinks maybe she's the one. That is, if he can keep her safe and figure out why everyone in the underworld seems to be hunting her.

A Dragon's Heart

Tor and Perry are Dragon shifters, powerful protectors of their region and the people and shifters in it. With the world only getting more evil, Tor and Perry know there's only one thing to do. Find a mate, one brave enough to be gifted with a third dragon power to join their triad. They just need to find someone brave. Too bad the only woman they seem to be interested in is their curvy secretary, a woman they found hiding under a desk...

## Customer Reviews

A very unique and captivating series, with lots of great characters and lots of action, twists and intrigue. There were quite a few proofing errors but they didn't detract too much from the stories. I enjoyed several hours of intense reading and had trouble putting it down, but was very grateful that all of the stories were connected in this series, even though they could each be stand alone books. I have just found a new author to add to my favorites list and am looking forward to reading more of her books. I would definitely recommend this series to others and even though there were sexual scenes, they were not overly graphic or the main empathise of the stories, as is the case in a lot of shifter romances. Janice M

I love Terry's books. This series was no exception. The characters were well developed and worked together, each adding personality and depth to the story. The tigers helped the dragons and visa versa just like a family. I love how the characters appear in all the books not just the one about their own individual mating. That carry over of characters makes the reading flow easier. You add the personality to the book and the banter between the friends and brothers. There was plenty of action and suspense to keep you intrigued and entertained. Likewise, there was hot sexy lovin to keep you read as well. The ladies were each unique. They had their own strength and softness that they brought to the stories. This was a great read and I recommend Terry's books to all shifter romance readers.

I love Terry Bolryder's books. Mostly I love how she has the explicit sex without it being just pure pornography. It's integral to the story, integrated with the events with important story building conversations and emotions in it. She shifts from one pov to the other seamlessly and really gets

into the personalities. I have to say, though, she needs to keep straight who is who. In the third tiger book of this series, she called the oldest of the family (Carter) the middle brother. Oops. Other than that and a few typos that the spell checker is unable to catch (IE: he and she interchanged, the, they, and then mixed accidentally), the books are excellent, and I look forward to reading more by her.

This four book set is a thriller from page one! I would recommend this series to anyone who likes paranormal, suspense and action as well as romance books. The author has just gotten a fan for life. I look forward to reading more books like these. I am catching up on my reading since I retired because now I have time to read while sitting and waiting on my Mom and any other family members at doctors' offices and other appointments.

All four stories in this series bundle we're totally great. You got sucked in you also got all the emotion and angst all mixed together to make great stories. I would definitely suggest a series to anyone who loves the supernatural world.

When I download this series, I didn't realize that I had read these stories in the past, so, I got to enjoy them the second time around. What I really liked was that each couple had their own story and how they achieved their HEA. I especially got a kick out of the story of Perry, Tor, and Lexie. They were their own person and yet together, they became one. The characters in each of the stories were well developed and complex. The storylines were imaginative and interesting. Obviously I'm a big fan and I totally recommend this series for your enjoyment.

I loved meeting the 3 tiger shifter brothers and the 2 dragons they work for. Each story dealt with different types of exciting difficulties to be overcome. As usual, Terry Bolryder's stories are super hot but with very realistic characters (in how they react to things) and a detailed setting. I think this set follows time-wise after the Double Dragons set and then the Awakened Dragon set. That also seems to be the order in which they were written. If you like shifters, dragons, action, heat and great characters, then these are for you. However, I would read them in the order I gave you. It just seems to make the most sense. Enjoy!

A great bundle to read. Definitely relaxing on a weekend read. Great characters. Each shifter story is a delightful read but together it made one hell of a steamy bundle. Sexy, action filled, dramatic

and passionate.
