Planet Of The Apes Archive Vol. 1: Terror On The Planet Of The Apes

Synopsis

Longtime fans can now experience the previously uncollected classic *Terror on the Planet of the Apes*, which follows two friends—a man and ape—on the run from the law. Experience the legendary *Terror on the Planet of the Apes*, collected for the first time ever, and remastered in prestigious archival hardcover. This classic series follows two friends—a man and ape—on the run from the law. Renown writer Doug Moench (Batman), the visionary co-creator of DC Comics™ fan-favorite villain Bane and Marvel™s Moon Knight, joined forces with legendary artists Mike Ploog (Ghost Rider), Tom Sutton (Doctor Strange), and Herb Trimpe (Incredible Hulk) in this timeless tale of two unlikely friends coming together for the adventure of a lifetime.

Customer Reviews

When I was a teenager back in the day _ along with walking 17 miles to school & eating 12 sandwiches for lunch _ we didn't have so many internet options with which to satiate our fan-inspired afflictions. The original Ape films premiered between 1968-73 and aside from a one-shot Gold Key release, some Japanese manga nobody knew anything about, a random fanzine article in *Cinefantastique* & *Famous Monsters of Filmland*, and the Bantam/Award Books film novelizations, our options were as lifeless as *The Forbidden Zone*. Into this barren void Marvel Comics arrived in '74 with its ongoing 84-page black & white publication of the *Planet of the Apes Magazine*. For the next three years (& 29 issues) we fun-loving fans of

furry were treated to all “new original content set in different timeframes, locations, and narrative conditions not limited to the first five films. Terror on the Planet of the Apes was the first of these non-continuity story arcs, with others to follow (i.e. Evolution’s Nightmare, Kingdom on an Island, Quest). And therein lies the rub with this Archive listing. The first judgement reviewed here is, I feel, accurate on most points, if not a bit harsh. To be clear; this 368-page heavy HC is not an Archive of the actual MAGAZINES, but rather, the main serialized story arc that was at the heart of said publication. That mostly monthly Marvel release also included other Ape material that is not included here. All politics rightfully set aside, if you’re looking for a high-end complete restoration of the POTA magazines, you will be disappointed. If, like me, you don’t wish to acquire back issues, but rather, to just revisit some classic old Mike Ploog artwork from a simpler simian time, this classic collection _ though pricey _ was a fun nostalgic flip.

006 | Gorilla Warfare And Tales Of Terror by Rich Handley (February 2017)
008 | Chapter One: The Lawgiver
035 | Chapter two: The Forbidden Zone Of Forgotten Horrors
061 | Chapter Three: Spawn Of The Mutant Pits
086 | Chapter Four: A River Boat Named Simian
115 | Chapter Five: Malaguena Beyond A Forbidden Zone
135 | Chapter Six: The Planet Inheritors
159 | Chapter Seven: When The Lawgiver Returns
185 | Chapter Eight: The Magick Man’s Last Gasp
Purple Light Show
211 | Chapter Nine: Up The Nose Tube To Monkey Trash
233 | Chapter Ten: Demons Of The Psychedrome
253 | Chapter Eleven: Society Of The Psychedrome
273 | Chapter Twelve: Messiah Of Monkey Demons
293 | Chapter Thirteen: Northlands!
313 | Chapter Fourteen: Apes Of Iron!
333 | Chapter Fifteen: Revolt Of The Gorilloids!
353 | Still Ape Y After All These Years by Rich Handley (February 2017)
357 | Cover Gallery: Nine pages of color covers (issues #3, 4, 11, 13, 14, 17, 19, 23, 26) by artists Bob Larkin, Gray Morrow & Malcolm McNeill

PS If you enjoy the POTA stories that connect to the original films, and are open to these stories exploring new paths, I would steer you towards Andrew E. C. Gaska’s Conspiracy of the Planet of the Apes. Its 272 pages of prose, with a few illustrations, and is quite enjoyable.

Dream come true, right here. Been looking for someone to reprint Marvel’s black and white Apes tales. And it’s awesome. Not nearly enough Mike Ploog art out there, and this has plenty. Tom Sutton brings the same creepy edge to these tales that he did in his Warren work. And Trimpe gets to draw cyborg gorillas. What could be bad about this. I’m glad it’s just the comics too, not the filler

articles the magazines wasted our time with. Nothing interferes the flow of the story. One sort of negative thing, it's not 400 pages as listed. Closer to 370, which isn't bad, just not 400. That aside, as a comics fan and an Apes fan, this was well worth the wait and well worth the price. .

One, before this book arrived I found out that they're not planning on reprinting the POTTA magazines in full , as was the case with other 1970s magazine HC "archives" That was a major disappointment : Even if some of the sections in the mags are not as fondly remembered (the movie adaptations and the non fiction segments) , without them these volumes aren't really archives..."collections", maybe? So if you have the original magazines, don't dump them just yet . I tried to keep an open mind , but after looking through this book, I discovered Rich Handley found it necessary in the 'afterward' to share with us his opinions on politics, and as is so typical, anyone who doesn't nod along with Rich Handley is automatically "uninformed". Puh-lease.Maybe someday the Marvel PotA magazines will truly get the archive treatment they deserve, in which the artwork is carefully restored (some of these pages look faded) and the contents reprinted in full. This is not it.
