Customer Reviews

This is the definitive guide to the Achuar people. I read it in preparation for a trip to visit the Achuar for a week in a primitive village (not an ecolodge). In the book, Descola explains in detail everything he learned while living with the Achuar. The information presented is extensive and awesome, but it was a very slow read for me, hence 4 stars instead of 5. I'm currently halfway through "The Achuar of the Paztaza: A Glimpse into Their Rainforest World" by Mowczko. It's at the other end of the spectrum in terms of material and writing style. If you're looking for a lightweight overview, this is it. If you want to thoroughly learn about the Achuar and their beliefs, Descola's book is a necessity. Another book that I'm enjoying is "The Mapmaker's Wife" by Whitaker. It's mostly about colonial Ecuador, but the characters cross over the Andes and make their way thru Achuar territory on their journeys to the . It's an excellent book.
