It's a great start to another Pokemon adventure series. I have red/green - ruby/sapphire pokemon adventure book, so I really love these books. It's a shorter book, like the black/white adventure books. It's not bad for 5 bucks. In the first book you are introduced to the main characters, x and y, the legendary pokemon, Xerneas and Yveltal, and the new mega evolutions.

I love this because my son is learning to read and his biggest interest right now is pokemon =)

Unbeatable price. Good read. Arrived quick and in good condition. It's a keeper.

thank you

my 6 year old loved it thanks

My son gave this a 5 star he is really into Pokemon and it arrived today and he hasn't put it down yet. The cover was on a little funny but as long as he is happy don't mind that. Like cover was put on backwards. It is sturdy. Arrived as indicated.

Excellent. Fast Shipping.

he liked it
