## Customer Reviews

the book will appeal to all who play Pokemon. In the book there are the tricks and secrets of how to catch rare pokemon and to raise their level. a wonderful book

Like it but wen the second edition comes out

There is nothing too much puerile in this book unlike the some ones I bought. Your money's going down the drain if you if you buy the book with a charmander, bulbasaur and a squirtle on the cover (I do not know what that book was called). Even though I'm a 21level player on PokÃ©mon Go I still found this book helpful (The level upgrade gift chart was too good. It helped me a lot). These are some books which I recommend to you if you are a newbie to PokÃ©mon go.-This book-The book with the picture of Zapdos on it written by Alen Penfold
