## Synopsis

Limited Time Discount! (Regular \$5.99) If you have been playing Minecraft for a while you are probably looking out for new ideas and new structures to build. This guide will give you some of those new ideas. It is intended to plant the seeds in your mind where they can grow and become fruitful constructs that you can build in Minecraft. On the other hand if you are a new player and are simply looking for a few basic house, base and building designs to get started, this guide includes a couple of those too. You can build them step by step using the instructions given in the guide and then enjoy your handiwork. Whatever kind of player you are and whatever your goal is, you will benefit from this guide. ## Customer Reviews

If you're going to make a book and put illustrations on the cover you should have the instructions to make the illustrations on the cover

Limited basic builds. ie. stone, brick etc. A bit deceiving to have pics of the homes on the cover when

there is nothing close to these inside the book.

Not very good. Spend your money on something that goes more into detail on how to build stuff

It's a great book if you like building and it's helped me to protect my house creepers with the snow golem turrets

I tried out the castle one. It was really good! I'm living in it now! but I have a question, how do you make the middle part of the sofa? I thought there were no half-stairs in Minecraft and you can't put a normal stair because it's a corner! please help me, I like your sofa designs!

This book was great and gave me so much inspiration on building in Minecraft! I hope you do a combat based book, because you are great at making Minecraft books!

Love the underwater base! Just a tip, the sofas are made of the stairs. They will automatically form a corner.

I have built the thing that you have taught!!! Did you know your books won Steve De Blanc's books??? YOUR BOOK WAS EXCELLENT !!!
