This series has graced my kitchen for many years, and I always look forward to displaying the beautiful images in this calendar. Each month features a classic teapot from tea company archives or a private collection, perfectly staged with flowers, food, and appropriate historic details. Most of these are formal, but the calendar usually includes a few exceptions -- perhaps a child's tea or a "below-stairs" cook's tea, all presented with the same care. Every corresponding calendar page below the photo offers a charming quote and an informative paragraph about tea service or trade. All in all, it's a beauty and a bargain. Simply looking at the pictures provides a satisfying sense of well-being, a respite from everyday chores and obligations. It's almost as good as sitting down in the

scene myself.

My wife ordered this for the teapot theme. She never noticed it was a 2014 calendar.

I have been buying this calendar from Workman for many years. It never disappoints and is full of beautiful photos and wonderful historical commentary. As a tea lover - I thoroughly this calendar.

I have been using the teapot calendar for years and look forward to the new version every January! The photographs of teapot 'scenes' are breathtaking and there is interesting information printed for each month's theme. The quality of the photos is stellar and the calendar squares for each day provide plenty room to note birthdays, appointments, etc. The calendar is made of high-quality paper that has a nice feel to it (not cheaply made like some calendars). I hang my calendar on a brass hook on the inside of my pantry door. I also send this calendar to my friend for her December birthday--she loves it!

I have purchased this calendar every year. The calendar used to include a collection of postcards and recently they stopped including them but no matter, I still love this calendar. I have learned so much about different types and styles of teapot over the years and it includes photos of teapots that are so rare I would never have an opportunity to see them otherwise. Recipes and tea quotes are also included and I cannot say enough great stuff about this calendar. I will continue to buy one for as long as they sell them!

Beautiful pictures--fun, elaborate, gorgeous glossy images printed on great paper. Love all the tea anecdotes, trivia and historical info. A must-have for your favorite tea lover.

I have bought the Collectible Teapot calendars for several years. In addition to the photo pages of twelve vintage and rare teapots and their accompanying cups, each calendar page contains a quote, information about the pot/cups pictured, and other interesting information about various tea cakes and accessories. The photographs are beautiful. Anyone who enjoys a good cup of tea, or who is interested in vintage items, would love this calendar.

This calendar is beautiful, elegant and will improve the decoration of any wall you put it on. I highly recommend it. Thank you.
