Danny Silk serves on the Senior Leadership Team of both Bethel Church in Redding,CA and Jesus Culture in Sacramento,CA. He is the President and Co- Founder of Loving on Purpose, a ministry to families and communities worldwide. Danny is also the author of five books covering the subjects of building successful relationships, a culture of honor and strong families. Danny and Sheri married in 1984 and have three children and three grandchildren.

This book changed our marriage in wonderful ways! Learning about what it means to be a powerful person who takes responsibility for our own actions and emotions transformed the way we relate with each other. We saw how we want our main goal in marriage to be connection, but we had chosen to be disconnected in the way we approached each other. We are very appreciative of the insights and anecdotes Danny Silk shares in KYLO. We had been married about 10 years when we

read this, with many years that were difficult relationally. Now a year later we remember why we got married and we actually enjoy being married again! We feel freer in our relationship than we ever have. We would highly recommend this book!

I love this book. You could read this and then reread it and reread it again. so many good tips and reminders, and God just shows up and challenges you each time you read it. You can never hear too many times the reminder to keep your love on. We did this as a small group at church, and it is so good for so many different life situations, it applies in every situation. Love Danny Silk and love this book.

This has been a wonderful book. We are a family of 5 and are reading 1 chapter with discussion once a week. We are all learning great communication and respect for one another and are on the way to becoming powerful people. Thank you Jesus and Danny Silk for providing this tool for us.

Aligned with the book and is working nicely to facilitate discussion in our bible study group.

Not so much a Bible study, however it does have Bible based principals and some scripture references. It is an excellent study for what it is purposed for, and I would definitely recommend it to anyone who has human relationships of any kind.

Terrific follow-on to the book. Really gets one to thinking plus a good review of what I had just finished. Also handy to go back and read my comments without re-reading the whole book.

This is a must have for life understanding. marriage issues kids teens it will help for sure..

For couples who care about connecting on a deeper level with their spouse this book is an excellent resource.
