Third Reich Databook: 1939-45 (World War II Data Book)

Synopsis

The "Thousand Year"™ Reich actually lasted from January 1933 until May 1945, but in that time Germany underwent radical transformation. The Third Reich Databook: 1933-1945 examines the Third Reich, from its population changes to its organizational structures, building into a detailed compendium of information. Broken down by key subject areas such as the economy, geography, military, religion, politics, law and crime, culture, and racial and social policy, the book includes comprehensive reference tables, diagrams, maps and charts, presenting all the core subject information in easy-to-follow formats. The Third Reich Databook: 1933-1945 will be an essential reference guide for anyone interested in the history or demographics of the Third Reich. REVIEWS - beautifully presented, lavishly illustrated and well researched.... fascinating read from cover to cover, and you'll more than likely find yourself with raised eyebrows at more than one point. •Model Armour.com

Customer Reviews

This book is like someone taking the whole 21 volumes of the Time-Life Series: "The Third Reich" and putting the highlights together in one book for a World War II general reference guide. It has some similarities to author Louis L. Snyder's, "Encyclopedia of the Third Reich". However, where that book is a A-Z dictionary with an emphasis on people and personalities, this book focuses much more on a chronological presentation of the history, structure, politics, social studies, manpower, production, and economics in relation to Germany under the government (and control) of the Nazi

Party (1933-1945). The book has many easy-to-follow charts, graphs and maps to digest; making it a good quick reference guide. The volume does have some overlap with "World War II Data Book: The SS". The detailed charts and maps are what I like best. For the general interested reader or student, it offers plenty of information. It covers: History of the Reich. Geography. The Nazi Economy. Politics and Leadership. The Law and Internal Security. The Armed Forces. Racial Policy. Social Policy. Culture, Religion and Ideology.

its a gift have no idea but no complaint
