A VERY SIMPLE

BOOK My kids love the entire Peppa franchise. But this book is on the lower end of the scale. It's just not as entertaining as the rest. Peppa and his family go to the pool....and go swimming. That's pretty much it. There is no real story to speak of. It's a decent bedtime book because it's very soothing and calming. It's also got value as a book to let a kid read by herself because it's simple and they can get the entire story just from the pictures. (And anything that makes a kid sit and read by themselves and be interested in it is a very good thing) The coloring is vibrant. I'll give it that. The coloring of the illustrations captured my 4 year old's attention. But the other Peppa books are better if you're looking to buy only 1 or 2.

Granddaughter loves Peppa Pig!

Great for any little Peppa Pig lover. Our girl loves to read this book and pretty much has it memorized. It's got just enough words for a wriggly little toddler that is ready to move on to the next page. It's slim so it's also easy to bring with us anywhere we go.

My son is obsessed with Peppa Pig. It would be great for them to come up with original stories as opposed to just using a Peppa episode for the books but either way, he still loves them. Plus, my husband and I get to work on our British accents while reading them to him.

My little 4 year old cousin is obsessed with Peppa Pig and this was the absolute perfect book to go with her Peppa Pig pj's. It's a very short read and highlights her most favorite characters.

Sweet bedtime story for kids. My kids love peppa and this book is perfect. It's not too long or too short and held my 2 year old's interest for the whole book which is saying a lot!

Peppa Pig is my granddaughter's favorite shows. When she is having a hard day, when she hears Peppa Pig she calms down and will sit for the whole film.

My 2 year old loves pepa pig, we watch the videos often... (too much) she has the pepa pig car, house, and momma pig daddy pig, pepa, George, grandma pig, grandpa pig and susie sheep... but she loves this book more than those toys.
