Customer Reviews

I especially enjoyed how it was separated into what to do at home and what at camp. It was extremely useful and efficient. From breakfast to supper, this book covers the whole day. I like the way that you can set up the fixings early so dinners are less demanding to amass. The book likewise incorporated an extensive mixture of incredible outdoors recipes, simple to make and great tips for outdoors supplies too. Awesome suppers that are solid and nutritious while outdoors as well as at home as well as on the outdoor grill.

Some really great recipes to enjoy in the great outdoors over the open fire of your campsite.

I love the fact that you can prepare the ingredients ahead of time so that meals are easier to assemble. Cooking on an open fire in my cast iron Dutch oven is always a crowd pleaser!

I can't wait for the hard copy to come out on this cookbook. I like my Kindle for quick downloading of something I want to read right now, but a cookbook needs more maneuverability than I can do on my Kindle. I like to mark the pages and go up and down the aisles in a grocery store holding the book, making sure I have the ingredients I want. Since my camping, when possible, lasts for several weeks at a time, I want to carry the book with me all summer. However, this book would be great for an occasional camper, too, like for a weekend, because you can practically do all the meals before you leave home. Who wants to be running to the store or looking for fast foods when you are immersed in nature? I never took a cast iron skillet or Dutch oven camping, and I think that would open doors for recipes I have never done before. Also new to me is the muffin tin; what a great idea to make individual servings that you could serve to guests or eat yourself later in the day. It is almost impossible, when camping, not to make friends and be hospitable. Great muffin tin ideas! I like the preparation I can do at home using The Ultimate Camping Cookbook. I don't see anything negative about this book.

Another great one for my collection. Tried some of the recipes before camping and they were eaten without a question. Mahalo

I was mainly looking for a dutch oven cookbook but it was still worth the purchase.

This book has great ideas for packing etc. I've just gotten back into camping and found the easy recipes and prep work very helpful. Happy camping everyone!

This book has great ideas about easy recipes along with more complex recipes as well. It makes packing food for a camping trip much easier and cost effective! Highly recommended!!!
