Customer Reviews

Bought for a favorite student and it was the perfect book for showing him plays and such for his favorite sport. Easy to understand.

Informative and great photos, but it's very short. I expected something my nephew could sink his teeth into, but this won't keep him busy for more than a night.

Good learning tool.

Bought this for a dedicated 11 year old football player and fan- I think it is written for someone younger. It was very thin and did not offer anything to him- but he has also played football for 4

years.

A+

Bought this for one of my grandsons whose playing JV football. I haven't heard if he liked it or not, so can't really say much about it.
