Lingam Massage: Awakening Male Sexual Energy

Synopsis

A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity

- Empowers men to expand and deepen their experience of arousal and sensuality
- Demonstrates how deep relaxation is important to a strong and lasting erection
- Shows how the lingam connects a man to his dynamic strength while the prostate is linked to his more receptive side

Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva's clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations around sexual "performance" have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

Good book with things which couples need to know if they want to enjoy each other.

Very informative and thorough...an excellent reference guide for anyone wanting to explore the healing and restorative powers of massage.

this book has a wealth of information, it's a nice tool to use in developing other areas you never thought existed (awakening male sexual energy). what would have been more helpful though, is if it included additional step by step massage strokes of the penis in picture illustration.

good

I bought this on a whim after first discarding the flyer and then deciding to be open minded about the subject. I ordered from , received the book in a very short time and started reading immediately. Once I had read the very enlightening material, I was ready to try it out on my husband, who had been away while I was learning. Having been a physical therapist, the techniques were easy for me to learn, although I had never, ever done a massage on that area! My husband was game to be the subject, and I explained that he was to concentrate on enjoying the sensations without a goal in mind. He loved it. For the first time in his life, he was able to control ejaculation, resulting in increased and prolonged pleasure. We are no longer young, but we both agreed that this was absolutely the best sex either one of us had ever experienced! I heartily recommend this book.

Unique.

This product was every thing plus more easy to read and understand and gives me ideas to become a centimeters me
