This Siddur is beautiful from the moment you take it out of the package. Once you open it, it's even more amazing with the Interlinear Transliteration helps and commentary. The only disappointment I had was not with this Siddur itself, but I failed to realize that this is an Ashkenaz Transliterated Siddur, and not a Sefard. That, however, does not take away from what this Siddur deserves! It's beautiful inside and out with Transliteration for those who are just learning Hebrew. Well worth the investment!

Exactly what I was looking for. The right size, the right binding, the siddur, translation and transliteration were in precisely the right places and with the exact right type size. The added information was also exactly what I was looking for in order to be properly informed and trained. Artscroll knocks it out of the park...again.

Ashkenazi book, but helpful nonetheless, as it still contains the original Hebrew inside. I was planning to purchase a S'faradi siddur, but that's simply not all that necessary.

This is exactly what I wanted--although I noticed once I received it that it is nusach ashkenaz, which would have been good to know earlier.

Very cool siddur. Only wish it came in a Sephardic transliteration but it was shipped within a day or two, recieved inside of a week.

Everything about this book exceeded my expectations. My journey into learning Hebrew is just beginning - and I do have access to other resources. Seeing the text in the two scripts; having additional literary aids (e.g. The Ten Commandments with the trop or cantillation notes...); the inclusion of verse by verse commentary; and of course being able to read the English in parallel - all contribute to make this a superb study tool.

Beautiful Artscroll siddur. Orthodox, but even non-orthodox like myself can appreciate the beauty of the words within. Every section has a preface as to why and how these prayers are said. Any Jew can get something out of this siddur.

Great for those wanting to learn Hebrew while learning the traditional Jewish prayers. This version is askahnaz (sorry for spelling if wrong) I personally use a Shaphardi (again) I have returns this and gotten the full art scroll siddur. All the same this was great I was sorry I couldn't use it...
