Multiply: Disciples Making Disciples

Synopsis

You were made to make disciples. Jesus gave His followers a command: "Follow Me." And a promise: "I will equip you to find others to follow Me." We were made to make disciples. Designed for use in discipleship relationships and other focused settings, Multiply will equip you to carry out Jesus' ministry. Each of the 24 sessions in the audio book corresponds with an online video at www.multiplymovement.com, where New York Times best-selling author David Platt joins Francis Chan in guiding you through each part of Multiply. One plus one plus one. Every copy of Multiply is designed to do what Jesus did: make disciples who make disciples who make disciples... until the world knows the truth of Jesus Christ.

Customer Reviews

David Platt & Francis Chan are known for pointing out things in scripture, that a lot of Christians seem to over look. They "keep it real" so to speak. This book is for discipleship. They have it available for free as an app as well. But the book itself does make a big difference. It's meant to go through with others. The content is not soft at all. Lots of lasting fruit! Of all the books I could recommend any Christian, it'd be this one. Cause it's about the walk! Following Jesus! Wholeheartedly. We need more spiritual food about the walk, that's what we struggle with the most. A lot of us anyway. We need to be confronted by these things & reflect on them, pray to grow in these areas. The Lord is good!

The book really helped me to understand our mission as a church as laid out by Jesus and how to be more effective in the role I can play at various levels within the church body. The most interesting part for me though was the explanation of significant themes and ideas (specifically related to God's redemption of humanity) throughout old and new testament. It was like a Christianity 202 course that helped me truly uncover and understand the things I thought I knew. AWESOME DISCIPLESHIP EXPERIENCE FOR ME. I LOOK FORWARD TO SHARING IT WITH ANOTHER. SUGGESTION: If discipling someone very new to Christianity or someone on the fence, I think it would be better to start in the second half, the historical stuff.

When I read this book I could not hear Francis Chan speak: he has an extremely different writing style. While not necessarily a bad thing to have different styles, I believe he is a more dynamic speaker than writer. However, I did not give four stars due to writing style, but for content. My expectations of this book were drastically different from what it actually was. I expected a book to read with others to create disciples. I believe this book to be much more foundational than disciple making: the first half of the book is committed to the basics: who is God, why is He important, and why did He make His church such a big deal. Also, the first chapter goes through the process of salvation. While salvation is perhaps the most important thing to teach, the chapter was not written in a mode to disciple others, but was written for people to come to know the Lord. It's a good book, but it's a bit too basic for those who want to disciple people who are already spiritually strong. If you're a new Christian or still needing spiritual milk, then this is a fantastic book that I would highly recommend.

In my opinion, Francis Chan is one of the best communicators we have in the church today. His fiery passion for God is wildly infectious. I always enjoy his words. Multiply has a simple concept. God told us to make disciples so we should go and make disciples. With such a simple concept I was surprised that the book was over 300 pages, but I was excited to read it nonetheless. The book consists of 5 clearly labeled sections: Discipleship Making, Living as the Church, How to study the Bible, Understanding the Old Testament, and Understanding the New Testament. The first two sections break down the calling of the Church in the local and global communities. How to Study the Bible is kind of weak attempt to advocate both academic and personal exploration of the Bible. (I obviously don't think "academic" and "personal" are conflicting ideas but it can definitely be presented that way). The final two sections summarize the entire the Bible narrative in an extremely concise way. In the end, Multiply is a good book designed specifically for small groups in hopes of

making creating new disciples. I am not sure in the Bible Cliff-Notes was necessary.

This was a phenomenal bible study. I lead this bible study with 11 other women, varying from new beginners to seasoned pros (well as seasoned as you can be. It was a great book that explained so much in depth. It could be as challenging as needed, just based on how far you were willing to take it when you answered the questions. In each Chapter their are questions along the way. They are not easy if you read the chapter you can answer it word from word out of it, but more of how does this apply to you, your church, is there a problem how can YOU fix it. Great book and I would Highly recommend it to any small group Bible Study!
