# The Window Cleaning Blueprint: How To Make \$500 A Day Cleaning Windows

## Synopsis

This book will completely transform your life. This book teaches how window cleaning is rooted in the perception of luxury and not necessity. When you learn how to present yourself as a luxury service, you can literally quadruple your income and make more than \$500 a day cleaning windows, with no startup money.

## Customer Reviews

There's a lot of good information in this book. I just wish he'd gotten it proof read before publishing it. More typos than a Teenage girl texting her friends. If you can get past that, not too bad

The book has some good information but I really wish it could have gone more in depth into a couple areas. It also had quite a bit of errors, needed more editing. That being said, I recommend this for someone looking to learn the basics of window cleaning or a small business but this book is nothing ground breaking. It is however the first of its kind, so I give Keith Kalfas a lot of credit.

Great Book for someone like me that hasn't started or is about to start to let you know what's going to be happening. Probably not for anyone that has had a business for a while. He's great at motivating you! Sadly the grammar and format is very bad. For a published book you have a high expectation for it being pretty clean cut not like I try writing essays a day before they are due. Excited to see how he grows as a leader in the field!

This book was great. To be honest, I haven't finished a whole book in years. I start one get half way through then start another. I read the Window Cleaning Blueprint front to back and will probably read and reference it moving forward as I pursue a career in window cleaning. Thanks Keith for the valuable info and motivation to get this going

This is an absolutely wonderful book filled with great and very helpful information, it's a must read if you want to start your own window cleaning business.

This book gave me the ins to start my own window cleaning business. It's filled with great resources, if you are committed to building your business The Window Cleaning Blueprint is a must to check out.

I just received the book today and I can't put it down. I'm already on chapter 5 and wow.... if you currently own a window cleaning business or you're thinking about starting one, this is the book for you!

I like the book, got it out of curiosity , a great guide for someone looking to start a business.
