Coronation: A Kid Sensation Novel (Kid Sensation #5)

Synopsis

As the grandson of the alien princess Indigo, Jim (aka Kid Sensation) has always known that, technically, he's royalty. That said, he'd be the first to admit that he's never lived any kind of regal lifestyle – no titles, no castles, no crown jewels. However, the arrival of a courier from his grandmother's homeworld changes all of that in an instant. By royal edict, Jim is summoned "home" to the distant planet Caeles in order to claim an alien inheritance. Unfortunately, this is no warm and cuddly family reunion. Caeles is a hotbed of political intrigue, and Jim's arrival has widespread ramifications. Not only are several factions attempting to utilize his very existence as leverage to advance their own agendas, but Jim himself is required to submit to an archaic trial known as a prexetus. Moreover, while some are content with simply trying to use him, it quickly becomes apparent that at least one shadowy individual just wants Jim out of the way – quickly, completely, and permanently. Light years from Earth, with little family and fewer friends, Jim faces the daunting task of finding an enemy whose ultimate purpose is unknown and whose methods are extreme. Complicating matters even further is the fact that Jim's much-heralded super powers are glitching, making him incredibly vulnerable for perhaps the first time in his life.

Customer Reviews

I can't wait for the next installment of this series, I liked the natural flow of the story and it drew me in that I finished the entire book in one go. Amazing work. Please don't stop, keep this great series going and I definitely want to find out if "kid sensation" really does get married, did the wiles of her majesty get a betrothal promise from him.?Looking forward to the next book.

Go wheepy kid. No that is not a mistype. If you want more information read the book. Make sure you start at book one.This book is as good as the others. I am always amazed how much troupe he gets into. This book we get to know more about his mom side of the family.I can't wait till the next book. I will definitely foot this author.

I enjoy reading this series. This is the fifth book and we were finally introduced to the world of John's grandmother. The series continues to get more complex with additional characters and enriched scenery. Looking forward to the next book.

I didn't get to spend time with the characters I've come to love. Also, if there is another book in the series, I'm not looking forward to the possibility of more non-partisan adventures. This book was OK, but I liked the others in the series more.

I am really enjoying this series. Well thought out plots, good character development, and for the most part, the pacing is spot on. The author has been able to weave everyday life, being a superhero, and having ties to off world civilizations into fun credible stories. Keep writing and I'll keep reading!

Excellent....another well written and thoroughly enjoyable and entertaining storyline by Kevin Hardman. I would have no problem reading a 400 page novel by this author.

I have thoroughly enjoyed this entire series. If you like science fiction/super hero stuff I highly recommend this series. It's lighthearted, fast paced, and fun

The Kid Sensation books clever a wide variety of topics that run from superhero, to science fiction,

to political intrigue, but what is impressive is that the stories are spot on. It is rare for a series to move seamlessly between the various areas so well. I want to avoid any spoilers, but I recommend the stories and look forward to the audio book of this work.
