Still use these and they are out of print. Great for projects where students need to find holidays for multiple cultures.

This is an adorable book! Wholesome and cozy feeling.

We incorporate this book into family reading time. It highlights holidays and events that happen all over the world and leads to great discussions. Our family really enjoys it!

Beautiful book about various countries celebrations.

I loved this book! I was so upset when it was stolen in 1988. I fussed and fumed and searched - for years! I am so happy I found two copies on - bought both of them so I can give one to my now grown daughter and keep one for myself.

This is a wonderful reference book highlighting important holidays from all over the world. I had a copy years ago when I lived overseas and thought it lost until it turned up in an old box in my garage... after almost ten years of looking for it!. Seriously, I can't praise this book enough. It also

has wonderful information regarding the lunar calendar and how most if not all major religions use this alternate cycle of measuring time.
