PopOut was founded in 1993. Today, PopOut produces over 100 titles for major destinations and is loved by travellers the world over.

I'm usually a fan of the PopOut Maps but have say, the Prague one didn't make the cut for me. The problem was the randomness with which streets were labeled with their names or not. I get that in a map this size you cannot possibly label every street. But it seemed that the more important streets went unnamed, and that random other streets got named. It made it very difficult to use this map to get context as to "Where are we now" and "How do we get to where we want to be." I'll still use

PopOut Maps in the future, but for Prague I'd recommend a combination of whatever maps your hotel gives you and Google Maps.

Love these pop out maps. Fits right in your pocket. Waxed. More info than just the map. Perfect.

Decent map, but I have learned that the free/locally available maps are always more than sufficient and actually have better detail. I do like the way this map folds small and is waterproof.

I like the pop-out feature, but it is too small for me to read.

This map is awesome! It will be perfect for taking on the my trip!

This is going to be a great help on my trip to Praque in 2017.

Useful.

Ready to go!
