Age Range: 8 - 12 years

Grade Level: 3 - 7

## Customer Reviews

Nick Roche is an Irish comic book artist and writer who hails from Dublin. He's best known for his extensive credits on IDW's Transformers titles, the most prominent of which are Transformers: Sins of the Wreckers, Transformers: Last Stand of the Wreckers, and numerous covers for Transformers: More Than Meets the Eye, to which he also contributed stories and interior art. Nick has also worked on IDW's Doctor Who series and the creator-owned, all-ages horror comedy Monster Motors, with Minions screenwriter Brian Lynch. Beyond IDW, he's worked on New Warriors for Marvel and serves as the album artist and music video designer for rock band The Darkness.

A very helpful guide for beginning artists who love drawing their favorite giant robots...and for those who are experienced as well. However, my only big gripe is something others have addressed as well: there's no tutorial for Knock Out!

Vary good book for young beginners. From the cover I was expecting more advanced but if your a

kid that's like eight this would be a good starter for someone who has never drawn before

Pretty simple book on how to draw the important characters of Transformers: Prime. However I wish it was more in depth and offered tips how to draw the characters regardless of age range.

This book seems like it's might be pretty good it does show you how to begin some to the middle and to finish, but I would like to have it little bit more step-by-step so it wasn't 's it's the people who made the book should done just a little bit better job show you little but more on the middle and how to finish it completely. So five out five stars I would give it a five star

...I just wish they had Knockout in it! They've got just about all the Transformers you'd want to draw EXCEPT for Knockout. C'mon! He's obviously one of the best ;)

My tweener grandson loves transformers and to draw. This is exactly what he wanted!

Sent to my 10 year old grandson, and he said he loved it. He even sent me a picture that he made, he was so proud. No complaints, if he's happy I'm happy.

Don't get me wrong I like this book, it's light weight and great for kids who love to draw Transformer characters. But if you're an artist looking for references for this series, this book is pretty good for beginners, but it's not completely detailed, it comes in 4 steps for each character and takes drastic leaps in each step. Also for those who like Knockout, sorry guys but he isn't in this book. It's a good drawing book but not great.
