Gods Perfect Timing: Surrender, Trust In Him. Leave Your Stressful Life Behind.

Synopsis

Without question, one of the hardest things to do is wait for God's timing. In this fast-paced world in which we live, things are set up for maximum speed and efficiency. Technology is now moving faster than ever before. Smartphones are so cutting edge that they allow news events to arrive seconds after they actually occur. We are so used to everything moving at lightning speed, that we have a very hard time adjusting to the slower pace that God likes to work things out. Dazed and confused we look for answers in all the wrong places. Our life becomes directed by fear instead of faith. We grow disheartened. Our faith can weaken. If you watch a seed grow you will not see much change from one day to the next. Although without water and care it will die. Faith is no different. There are perfect times in your future. When your life will blossom. All that God asks is for you to wait for them to be revealed. Thing is, we do not like to wait. Many times when life is not going as we like, we force things to happen. God's timing is not good enough for us. Pushing life is like digging up a seed to check if it has germinated, this may sound crazy but this is exactly what people do when they don't wait for God's timing. We pray. We have faith. But, we lack an essential ingredient? Often we need to be reminded of the fruits that come from waiting. If you learn to wait for God's timing, your life will overflow with grace. Surely that is not for me? Yes, it can be. Within these pages, I will share with you what scripture says about waiting for God's timing. Powerful. Stories of those that listened and also those that did not. Enlightening. It is so easy to get carried away with life. Forgetting what is important. Casting the truth to one side. I welcome you to take this journey with me and leave your stressful life behind. Surrender. Trust God's perfect timing, and you will be given the desires of your heart.

Amazingly this read was perfect for what I was looking for. Patience is something I struggle with on a daily basis and this helped me understand the importance of waiting for God's timetable and the answers I am praying for.

Thank you and God Bless you Rev Martin for this message! I read it in just over one sitting and it helped me in so many ways! It's as if the Lord Himself was speaking through you. I have been going through the worst, darkest days of my life that has pushed me to question my faith. I have been through bad times before but this time it has absolutely pushed me to despair. I would recommend this book to anyone who is searching for answers to what is going on in their life. For anyone who is on the brink of despair. For anyone who has been discouraged and disappointed with their life. Read this book!!! It has helped in plain words, very direct to get you back to where you need to be. In the present moment in the presence of God.

Clear concise short book about trusting God! I chose to read for this season in my life. It gives scripture and stories to illustrate trusting God! Could be read over and over as a reminder to live in the place of trust and rest.

This is one of the most theologically sound, scripturally TRUE & contextually accurate books I have read (besides John McArthur). Rev J Martin is Biblically thorough in this particular book (besides having the title of Rev. attached to his name) I believe this man is a Godly inspired writer. I can not find ANYWHERE in scripture where a Man is to have the title of Reverend, except the Reverent fear of Christ alone!!!

This short book is insightful, focus and believable. It provides a practical guide to believing in God's

presence to our prayers. It reinforced what I already knew, but provided me with a focus on patience. I just wish it went a little further in the "what to pray and how to pray" - but I'm sure it's probably in another book. This book also provides me with a "more guided and focus" way that I can continue to share my beliefs with others that God does always have our best interest at heart and if we trust in Him and believe in Him, better things will happen at the right time and right place - everything happens for a reason!

God's Perfect Timing was a good reminder to me that faith and patience are key to letting God work in my life in His Perfect Timing. So often I want to take matters into my own hands because I get tired of waiting. But experience has taught me that my timing is often not perfect and creates frustration and dissatisfaction. Then I remember that Joseph sat in prison for 13 years before becoming the right hand man to the Pharaoh and saving his family's lives. If Joseph could wait in prison that long without giving up, then I can wait where I am, surrounded by people who care and being part of an amazing church that reminds me to trust and wait upon the Lord.

I was feeling helpless and very worried, although I know I have to trust God. It felt like I am giving up my hope... feeding fears... then I started to read this.... a perfect time to feed my hope and chase away fear.... God did not give me a spirit of fear, but a spirit of joy... thank you. I will rejoice in the Lord..... be

blessed

OmG! This book is definitely a page turner, I kept wanting more after each page , wishing it was longer. This book is very informative and it has really helped me, I have been praying for patience and learning how to wait on God and the author really helped to confirm the right path that I was already on. Thank you for allowing God to use you, to put these words on paper. To help and strengthen the heart of many that are crying and longing for God to bring their situation to past. God bless you. I highly recommend this book!
