The Prince Warriors

Synopsis

The battle is real. As brothers, Xavier and Evan are used to battling each other. But now they're discovering that there is a much bigger battle going on all around them. And it's their turn to fight. Based on Ephesians 6:10-18, *The Prince Warriors* is the first book in Priscilla Shirer's epic new series that brings to life the invisible struggle ensuing in the spiritual realm. Xavier, Evan, and their friends have typical lives until they enter a mysterious land called Ahoratos. There they meet their guide, Ruwach, who offers wisdom and direction as the kids' initial adventure begins—an adventure filled with armor and danger and a very real enemy. Written by New York Times Best-Selling author Priscilla Shirer, *The Prince Warriors* series was created for middle-grade readers and will include the fiction trilogy as well as *Unseen: The 365 Prince Warriors Devotional* and the *Unseen* app.

Grade Level: 3 - 7

Customer Reviews

Priscilla Shirer is a homemade cinnamon-roll baker, Bible teacher, and bestselling author who didn't know her books (*The Resolution For Women* and *Fervent*) were on *The New York Times* Best Seller list until somebody else told her. Because who has time to check such

things while raising three rapidly growing sons? When she and Jerry, her husband of sixteen years, are not busy leading Going Beyond Ministries, they spend most of their time cleaning up after and trying to satisfy the appetites of these guys. And that is what first drove Priscilla to dream up this fictional story about the very un-fictional topic of spiritual warfare "to help raise up a new generation of Prince Warriors under her roof. And under yours. Gina Detwiler was planning to be a teacher but switched to writing so she wouldn't have to get up so early in the morning. She's written a couple of books in various genres (Avalon and Hammer of God, under the name Gina Miani) and dramas published by Lillenas and DramaMinistry, but she prefers writing (and reading) books for young people. She lives in Buffalo, New York, where it snows a lot, with her husband and three beautiful daughters. She is honored and grateful to be able to work with Priscilla on The Prince Warriors.

The Prince Warriors by Priscilla Shirer and Gina Detwiler is so much more than I thought it was! Is it a beautifully written story that will appeal to boys and girls in upper elementary and middle school? The answer: a resounding yes! The characters and dialogue are realistic, well-written, and on point. Kudos to the authors for using the written word to spark the desire to go on a grand adventure within the pages of a book! However, as I continued flipping the pages, I realized I was no longer reading as an adult reviewing a piece of juvenile literature. I was a child of God being drawn into a metaphor describing the power of prayer, and my calling as a warrior princess in the Kingdom of God. As Jesus used parables to teach truth to the people of His day, the pictures painted in this epic tale of adventure illustrate the truth of Scripture. As a forty-one year old who has known Jesus for thirty years, after reading this book, I came away with a better understanding of the Holy Spirit, the power of Scripture, the manipulation that drives the ways of the enemy, and most importantly, the true impact of the armor of God. Should you buy this book for your children? No. Buy this book for yourself. Read it. Then, give it to your children, or someone else's children. Discuss it with them. This is not just a book to read and enjoy. The Prince Warriors is a discipleship tool you will want to refer to over and over again.

I absolutely loved this book! My Bible Study group just finished Priscilla's Study on The Armor of God, and one of the members told me about this series for children. For children, my foot! It was really great reading for this adult, and especially so after completing the study. I plan on reading it to my grandson in July when he is here on vacation. I read it on my Kindle. Can anyone tell me if the hard copy has pictures that might add to his enjoyment of the book?

Bought it for my son who loved it! This teaches so much! I am grateful to have a book series like this out for my son to read. Spiritual warfare is REAL and I love how it is "brought to life" in these books. He got me to read it and I LOVE it too! I have already been convicted of much. My son wants to write a thesis on this after he is finished with school this year!

This is a fantastic book for late elementary to middle school readers - boys & girls! The characters are easy to relate too and kids will connect to them in a real way as they experience adventures learning to trust God and His Word. I have a sensitive reader at home but am planning to encourage her to read the book. I think she will love it and it has such enduring and wonderful truths that I'd love for her to experience through this book!

This is a great book. It never gets boring or slow. I am currently reading it to my 8 year old son and 9 year old daughter. We are always anxious for the next chapter. I was looking for a way to get them interested in the importance of Gods armor and the protection it provides. It has other good talking points too! Good choices verses poor ones. Listening for Gods direction. Just over all it is a wonderful read. I look forward to the next one!

Do you have a pre-teen or early-teen reader at your house? I have a summer-reading recommendation for you! I recently read *The Prince Warriors* by Priscilla Shirer (with Gina Detwiler) and was favorably impressed. I liked it, and I think your kids will, too! *The Warrior Princes* is a Narnia-like Christian allegory that transports 4 main characters (two brothers, another boy and a girl) to the fantastic world of Ahoratos. In Ahoratos, the children must depend on their armor (the belt of truth, the breastplate of righteousness, and so on) to protect them from evil, chaotic forces that seek to do them in. Much of the material draws heavily from Shirer's women's study, "The Armor of God". I was pleasantly surprised by the depth and complexity of the story line.

Bought for my nephew, for his 1st Comunion. I'm reading a library copy niw, & the story is great! Well-written, good characters (though I wish the one main girl wasn't such a wimp.) Some of the words will definitely be new to my nephew, but he enjoys reading, so it will be a good way for him to learn. I'll try to remember to post back once I get his opinion

I bought this book for my granddaughter for Christmas but decided I'd better read it too, so I'd know

what she was talking about. I could hardly put it down myself! I've bought the next one already.
Great teaching tool for young minds!
