# West Highland Way, 3rd (British Walking Guide West Highland Way Glasgow To Fort William: Planning, Places To Stay, Places)

## Synopsis

Fully revised third edition of the first of Trailblazer's 10-title series of British Walking Guides. The West Highland Way is the most popular long-distance path in the country, passing through some of the most spectacular scenery in all of Britain. From the outskirts of Glasgow it winds for 95 miles along the wooded banks of Loch Lomond, across the wilderness of Rannoch Moor, over the mountains above Glencoe to a dramatic finish at the foot of Ben Nevis - Britain's highest mountain.

## Customer Reviews

147; If I wrote travel guides I'd like to think that they would turn out like this one. It fits in a coat pocket, weighs 8oz, and although it had some rough use there was no sign of it falling apart.  
John Clarke (UK) - a reader reviewing the book on .com  
145; The Trailblazer series stands head, shoulders, waist and ankles above the rest. They are particularly strong on mapping...  
The Sunday Times (UK)

Charlie Loram was the series editor who developed this British Walking Guides series for Trailblazer. He has hiked in the Himalaya as well as in Wales and Scotland.

For those planning to walk Scotland's West Highland Way, this book is a must have. Of all the

resource books I looked at on the WHW, this book was the most complete and thorough. It included detailed (tree by tree, rock by rock at times) maps of every section, along with descriptions of the route. The maps were obviously created by those who have walked the Way, and they were current and accurate. Additionally, the book was an invaluable resource for what was available along the Way and in the towns we passed through. Items such as where ATMs were located and descriptions of lodgings, restaurants and pubs helped us determine where we would eat or next be able to obtain money. It also included a great overview of the geology and wildlife of the area, a section on what to do in Glasgow, and various transportation options for getting to all points along the Way. My companions and I used this book multiple times/day as we walked the Way. What would make it even more helpful would be to include elevation gains by map section, and indicating the miles covered by each map section (currently the sections indicate times instead). I'll definitely buy this series (Trailblazer) for the next UK walk that I do.

I bought this book to help with the planning of my trip. Its been great. It gives you detailed maps of each section and town. They also include the name of B&B's, restaurants, and campsites. The best part was that they had many of the websites for these places right in the book. They also include prices of food and B&B's. Great book I would recomend it to anyone planning a trip on the West Highland Way.
