Customer Reviews

I always get the new Zagat's and this seller sent it quickly. However I don't like this new format/ version of the guide itself. The older versions are better but can't be used since they're outdated. Restaurants have closed and new ones opened so I buy a new guide every year. For some misguided reason they've alternated dark and light print on every review making it harder to read. It's distracting and the light print is too pale to read quickly and easily.

Although the new Zagat aren't as helpful as those by the original owners, it helps to be able to use when trying to learn about our New York City restaurants.

I do not like the new rating system. Especially in the dollar sign category.

Do not like the new format; The rating system is much harder to distinguish between restaurants and you really can not tell what a meal will cost. I end up going to the restaurant website to look at the menu to figure out the cost. Bottom line is that it is way less useful and have to a lot more work to figure out where to dine. 2017 NEW YORK CITY RESTAURANTS (Zagat New York City Restaurants)

What a disappointment. Very difficult to read now. Stupid type face. I've used for decades and always purchased. won't do so next year with this print type.

Love this book! Been buying it for decades & never steers me wrong! Good price too

Since I enjoy trying new restaurants, it is very convenient to have the Zagat's 2017 Book.

Perfect for finding really good food!
