Customer Reviews

I make historical costumes - and like to use authentic designs - this works fairly well for the early Americas.

Gift for grandchildren

i got this book to simple use as a reference for my tattoo. it came in great use and found the information to be very interesting. my younger family member love to color in the interesting charters. for someone useing this book as a reference or study it's a great book to have around.

I had this book before and it was lost. it has great pictures to color. I was overjoyed to find it again.
ty .

Fascinating look at Mayan Art and design.

great for kids

This is a lovely coloring book with wonderful images. I photocopy an image from the book for my kindergartener to color, this way the book can be used and the images colored over and over again.

Sometimes, if you want to know about a culture, look at the artwork. I use this as a reference for my paintings on furniture, etc. Brings the southwest and Mexico a bit closer to home.
